

i30 N.

The spirit of N.

Every new chapter has a beginning. This is ours. The i30 N is Hyundai's first true high-performance car developed to debut the N division and redefine the way in which the world views our vehicles. With the award-winning third-generation i30 as its basis, the i30 N has been created by a team of talented, enthusiast engineers to deliver uncompromised driving exhilaration on both road and track¹, without sacrificing the civility and comfort needed for daily enjoyment.

1. Whilst the i30 N has been designed for ultimate fun on the track, the vehicle warranty does not cover defects if the vehicle is used under racing conditions, speed endurance trials and timed or rallying competitions. Please refer to warranty terms and conditions for details and exclusions.

Track ready.

The i30 N was born in Namyang, Korea, at Hyundai's global R&D Centre, then honed at the Nürburgring, nicknamed the Green Hell, arguably the most challenging race track in the world and home of Hyundai's Testing Center. It was only through a punishing development program that took in nearly 500 laps at this unforgiving circuit, and around 10,000 kilometres of testing overall, that we could make a model truly worthy of being the first to wear the N badge.

PC

The heart of any high-performance car is of course its engine.

The i30 N features a specially developed 2.0-litre four-cylinder powerplant featuring direct injection, variable valve timing and twin-scroll turbocharging to produce 202kW and 353Nm.

A high-capacity cooling system ensures this engine runs at optimum operating temperature, even when the heat is really on.

An overboost function allows peak torque to rise to 378Nm for brief full-throttle applications, delivering exhilarating performance.

Acceleration is urgent; thrilling, while overtaking moves are dispatched with swiftness.

Power

202kW. 353Nm.

Performance, reimagined.

The entire chassis of the i30 N, from suspension, steering, brakes and tyres, has been thoroughly revised to delight and thrill driving enthusiasts. A lower, firmer suspension tune combined with the adjustability of electronically controlled dampers means the i30 N delivers exceptional turn-in characteristics and body control, without sacrificing the ride compliance needed for daily driving comfort.

Corner-carving brilliance.

The electronically controlled mechanical limited slip differential (e-LSD) uses a hydraulically actuated clutch pack to distribute torque intelligently between the two front wheels depending on throttle inputs, steering angle and cornering force. This technology reduces wheelspin and understeer while increasing traction and cornering speed, thus allowing the driver to extract maximum performance from the i30 N.

Superior steering.

Extensive upgrades to suspension hardware, as well as suspension geometry revisions over a standard i30, ensure brilliant dynamic performance. Zero scrub radius makes the steering more precise, delivering faster on-centre response and improved linearity. To provide greater levels of precision, feedback and driver connection, the electric motor that provides steering assistance has been moved from the column to the rack. The number of turns lock to lock has been reduced to just 2.14; faster steering equals greater responsiveness and agility.

Electronically controlled suspension.

To deliver optimum ride and handling regardless of road surface, the i30 N is fitted as standard with Electronically Controlled Suspension (ECS) featuring three selectable damping modes: Normal, Sport, and Sport+. Yet it's not as simple as Soft, Medium, and Hard. The sophistication of this system allows continuous damping control, independently adjusting the compression and rebound damping force for each of the four dampers all the time. ECS incorporates three primary control functions: Event Control can intervene with greater damping force when

a significant body G load is detected, assisting in big bump recovery and improving overall vehicle stability. Ride Control performs road surface detection, and selects the appropriate damping force for the impacts detected by the vehicle's G sensors. Finally, Load Transfer Control contains roll, pitch and yaw. This function reduces dive under brakes, improves turn in, and allows the i30 N to extract maximum adhesion from its tyres in dynamic driving.

For the driven.

Launch control.

So you already know the i30 N was developed at the world's most punishing race track, and has the suspension, tyres and brakes needed to deliver in the extreme environment of a circuit. But did you also know the i30 N features Launch Control, to let any driver make a perfect, fully optimised standing start like a professional driver every time? When selected, Launch Control enables the driver to select first gear, flatten the throttle, modulate the clutch, and allow the system's sophisticated electronics to manage torque output, minimise wasteful wheelspin and make the quickest getaway possible.

Rev matching.

The six-speed manual transmission has been optimised to provide short, positive throws of the lever, with ratios intelligently chosen to maximise the engine's power and torque characteristics. Internally, the gearbox benefits from an uprated gearset for durability, while carbon-faced synchronising rings ensure smooth, crisp shifts every time.

Enhancing the manual gearbox is automatic rev matching, a function that automatically blips the throttle on downshifts, faithfully replicating the 'heel-and-toe' technique used by advanced drivers to deliver smooth downshifts where revs and road-speed are perfectly synchronised. However this feature can be disabled for skilled drivers who demand the ultimate control and performance driving experience.

Whilst the i30 N has been designed for ultimate fun on the track, the vehicle warranty does not cover defects if the vehicle is used under racing conditions, speed endurance trials and timed or rallying competitions. Please refer to the full terms and conditions for details and exclusions.

Overseas model shown

Drive it your way.

N Drive Mode System.

No matter what the road or driving conditions, the i30 N has a mode to suit. Choose from five individual drive modes: Eco, Normal, Sport, N or N Custom settings, activated by two dedicated buttons on the steering wheel. Crucially, all the discrete parameters of engine mapping, damper firmness, steering weight, e-LSD characteristics, stability control and exhaust sound level can be individually selected and saved via the N Custom setting, allowing unprecedented tailoring of the i30 N's driving experience. In fact, the N Custom mode allows a possible 1,944 combinations to be selected.

Sounds like a hot hatch.

So how does it sound? The i30 N's Active Variable Exhaust System is a twin-outlet installation featuring three settings, allowing the driver to select the ideal level of exhaust sound for the conditions – keep it subdued around town, or allow the engine's full vocal range to be enjoyed when the open road or track¹ beckons. In its most sporting setting, throttle lifts and downshifts bring a thrilling volley of rasping crackles and pops that have to be heard to be appreciated.

1. Whilst the i30 N has been designed for ultimate fun on the track, the vehicle warranty does not cover defects if the vehicle is used under racing conditions, speed endurance trials and timed or rallying competitions. Please refer to warranty terms and conditions for details and exclusions.

Overseas model shown

Form and function.

The i30 N features an exterior designed to cheat wind and win hearts. The front headlamps are distinguished by a black bezel; the aggressive front bumper features larger air intakes and incorporates functional brakes ducts to channel cooling air to the red brake calipers with N logo residing behind the unique 19-inch aluminium wheels. At the rear, a more aggressive rear bumper and apron team with an aerodynamic spoiler featuring a signature triangular brake light. The body revisions do more than contribute to a great appearance; they reduce drag, increase downforce and enable the i30 N to feel glued to the road at speed.

The interior of the i30 N is unlike that of any other Hyundai. It starts with sports front seats, available in cloth or suede effect/leather¹ which are designed to provide exceptional support and comfort. Extendable under-thigh cushions for both driver and front passenger² further enhance this. In front of the driver sits the bespoke N steering wheel with dedicated N-mode button, as well as an N-specific race computer which features a lap timer, G-force meter, boost gauge, and launch control. The shift timing indicator positioned at the top centre of the cluster indicates when to shift gears for optimal track driving. The exclusive N sports interior is tailored to seduce and satisfy the enthusiast driver.

1. Suede effect/leather seats only available with Luxury Pack. Leather means parts of the seats have a combination of genuine and artificial leather, but are not wholly leather. 2. Extendable under-thigh cushions for front passenger only available with Luxury Pack.

1. 19" alloy wheels
2. Dual-level rear spoiler & triangular brake light
3. N exclusive steering wheel
4. Suede effect/leather appointed seats¹

Connected convenience.

The i30 N might have a racing pedigree, but it's packed with the comfort and convenience features you'd expect in any modern car.

To ensure you're always connected, the i30 N comes with an 8-inch multimedia touchscreen with DAB+ radio, Bluetooth^{®1} connectivity and Apple CarPlay^{™2} and Android^{™3} Auto compatibility. It also comes with satellite navigation and SUNA[™] Live Traffic Updates⁴ to help you navigate the best route.

Choose the optional Luxury Park and it starts with a 12-way electrically adjusted driver's seat with memory system; a heated steering wheel, rain-sensing wipers and wireless smartphone charging⁵.

Wireless smartphone charging⁵

1. Bluetooth[®] is a registered trademark of Bluetooth SIG, Inc. 2. Apple CarPlay[™] functionality requires software update. Apple CarPlay[™] requires iPhone 5[®] or subsequent model (lightning cable) in order to operate. Apple[®] and iPhone[®] are registered trademarks of Apple Inc. 3. Android[™] Auto requires a device with Android 5.0 operating system or subsequent version in order to operate. Android[™] is a registered trademark of Google. 4. SUNA[™] live traffic channel coverage is available in the following metropolitan areas only: Adelaide, Brisbane, Canberra, Gold Coast, Melbourne, Perth and Sydney. 5. Wireless smartphone charging: requires a Qi-enabled smartphone or adapter to operate. Only available with Luxury Pack.

Backed with safety technology.

When you get in a car that performs as well as the i30 N, it's comforting to know that you're backed by some of the best safety features available. That's why we've fitted the i30 N with Hyundai SmartSense™ technologies.

Forward Collision Warning (FCW) and Autonomous Emergency Braking (AEB) use a camera to detect potential collisions and work together to alert you and/or apply the brakes if you haven't already.

Lane Keeping Assist System (LKAS) alerts you to unintended lane departure and provides steering intervention to keep you centred in the lane, while the Driver Attention Alert (DAA) will recommend you take a break if it detects careless or inattentive driving.

But it's not just Hyundai SmartSense™ technologies that are working towards keeping you protected. The i30 N comes with seven airbags as standard, rear view camera and Front² and Rear Park Assist System and Tyre Pressure Monitoring System (TPMS).

Autonomous Emergency Braking (AEB)

Lane Keeping Assist System (LKAS)

Engine and transmission

2.0L turbo GDI four cylinder. Six-speed manual
202kW/353Nm (overboost 378Nm)

Performance

- Performance brake package
- Electro-mechanical Limited Slip Differential
- Electronically Controlled Suspension
- Active Variable Exhaust System
- Launch Control
- Rear stiffness bar – chassis brace in luggage area
- Rev matching
- N race computer
- N drive mode system

Exterior and technology

- Full body styling package
- 19-inch alloy wheels, Pirelli P-Zero HN tyres
- LED headlights and taillights
- LED Daytime Running Lamps

Interior and technology

- 8” touch screen satellite navigation
- Apple CarPlay™¹ and Android™² Auto compatibility
- DAB+ radio
- Bluetooth®³ connectivity
- SUNA™⁴ live traffic updates
- Dual zone climate control
- Alloy pedals
- Sports front seats
- Driver’s extendable thigh-support
- Windscreen auto defog function
- Power windows
- Cruise control

Safety

- Hyundai SmartSense™⁵ including:
 - Autonomous Emergency Braking (AEB)
 - Driver Attention Alert (DAA)
 - Forward Collision Warning (FCW)
 - Lane Keeping Assist System (LKAS)
- Rear view camera with rear park assist system
- Automatic dusk sensing headlights
- Tyre Pressure Monitoring System (TPMS)
- 7 airbags

2. iPad® is a registered trademark of Apple Inc. The iPad® holder has been designed to hold iPad® 1, 2, 3, 4 & iPad Air securely. To ensure occupants are protected in the event of a collision, the screen protector must be fitted to the iPad® when in use. iPad® not included.

3. Only suitable for use with retractable seatbelt.

4. Load capacity = 75kg evenly distributed over 2 bars. Roof racks should be removed when not in use. Image used for illustrative purposes only.

5. Requires fitment of roof racks at additional cost.

6. Thule™ is a registered trademark of Thule Sweden AB.

7. All Hyundai Genuine Accessories are subject to warranty conditions. See your nearest Hyundai dealer or visit www.hyundai.com.au for full warranty terms & usage conditions.

Your support team.

There's a reason why our iCare program has won awards¹. We built iCare around one simple, innovative idea. That comprehensive on-the-road care should come standard with every car.

Our five-year, unlimited kilometre warranty² means you've got the freedom to go ahead and drive without having to keep an eye on the odometer.

When you look at our Lifetime Service Plan³, the benefits speak for themselves. Regular servicing, at a set price, by factory-trained Hyundai technicians. Not only will that keep your i30 N in peak condition – it'll give you absolute peace of mind.

And since every new Hyundai is built to the highest standards, we've got the confidence to offer a Sat Nav Update Plan⁴ and 24/7 Roadside Support⁵ for up to ten years when you service with us with us regularly.

1. 2015 Canstar Blue Innovation Excellence Awards (5 Stars). 2. **5 year/unlimited km warranty:** Applies to new passenger vehicles used for private/domestic purposes. Excludes vehicles used at any time for 'commercial application' as defined in the vehicle warranty policy, for which a 5 year/130,000km (whichever occurs first) warranty applies. Whilst the i30 N has been designed for ultimate fun on the track, the vehicle warranty does not cover defects if the vehicle is used under racing conditions, speed endurance trials and timed for rallying competitions. Refer to full warranty terms & conditions for details and exclusions. 3. **Lifetime Service Plan:** For the benefit of Hyundai owners, Hyundai provides online quotes which specify the maximum price applicable for a vehicle's next scheduled maintenance service at a participating authorised Hyundai dealer and using genuine Hyundai parts (where required). Online quotes are available at hyundai.com.au, apply for a stated effective period only and may change after that effective period without notice. Standard scheduled maintenance services are of limited scope. The benefit of online quotes is available for all Hyundai vehicles, for their lifetime. 4. **Sat Nav Update Plan:** Maximum number of 9 updates delivered on an annual cycle which must be undertaken within 10 years of the vehicle's purchase. Complimentary map updates apply only if the vehicle completes a scheduled service at a participating Hyundai dealer. 5. **Roadside Support Plan:** Complimentary 12 months Roadside Support when you purchase a new Hyundai passenger vehicle (excluding rental buyers). Further Roadside Support extensions are available, each for 12 months from the date of a scheduled maintenance service at a participating authorised Hyundai dealer (unless vehicle is more than 108 months (9 years) from the original new car sale date, in which case entitlement to Roadside Support ends when vehicle reaches 120 months (10 years) from original new car sale date).

CarPlan. The smarter way to finance your new Hyundai.

Life's full of surprises and while you won't always know what's around the next corner, with Hyundai CarPlan™ you'll always have the right car for the journey there. It's a smart and flexible way to have the vehicle that's perfect for you, even as your lifestyle changes.

Hyundai CarPlan™ has been developed by Hyundai Finance™ to provide flexibility at the end of your finance contract, letting you enjoy the new Hyundai experience again and again. At the end of your finance contract you can pay any amounts owing on your finance contract to keep your Hyundai or trade it in at your preferred Hyundai dealer to step into the latest Hyundai model and continue your journey with us. The choice is yours.

In a nutshell.

1. Choose your Hyundai model.

Visit a participating Hyundai Dealer and select an eligible new or demonstrator Hyundai¹ that best suits your lifestyle.

2. Choose an eligible finance solution.

You can choose your desired finance contract term of 36 or 48 months and the kilometres you intend to travel up to a maximum of 25,000 per year.

Our fixed rate loans are available with or without a deposit – whichever suits you.²

3. We'll then tell you:

- How much your regular payments will be over the finance contract term.³
- The Guaranteed Trade in Value for your new Hyundai. The Guaranteed Trade in Value is the value of your new Hyundai at the end of your finance contract as determined by Hyundai Finance,™ subject to Fair Wear and Tear conditions and agreed kilometres not being exceeded.
- We'll also give you a copy of the Fair Wear & Tear Guidelines, setting out the condition requirements you'll need to maintain over the finance contract term to avoid any adjustments to your Guaranteed Trade in Value under the CarPlan™ terms.⁴

It's all about choice.

We know that everyone's lifestyle and situation is different, so we give you two different options to choose from when your contract comes to an end: keep your Hyundai, or trade it for a brand new one¹ knowing your Guaranteed Trade in Value.

1.

Keep your Hyundai by paying any amounts owing on your finance contract or applying through Hyundai Finance™ to refinance the loan residual balance.

2.

Trade in your Hyundai at your preferred Hyundai dealer and apply for another Hyundai CarPlan™ giving you the chance to step into the latest Hyundai model and continue your journey with us.

1. The feature is available on all new and demonstrator Hyundai vehicles on selected models only. Please verify with your dealership which vehicles are eligible for the programme.
 2. Please read the full terms and conditions. Please consider whether these products and services are appropriate for your circumstances. Before acting on any of the information in this brochure, please seek independent tax advice. Full terms and conditions are available upon application. Available only to approved applicants of Hyundai Finance™ Subject to credit assessment and for consumer applications, responsible lending criteria. Fees and charges apply. Fleet, government, rental buyers, hire car and chauffeur companies are excluded. Available at participating Hyundai dealers.
 3. Your total interest charged may be higher if you choose the Guaranteed Trade in Value feature for your loan, compared to a loan without the feature.
 4. The Guaranteed Trade in Value is not a representation by Hyundai Finance™ as to the likely market value of your vehicle as at the end of your finance contract. If the Guaranteed Trade in Value applies and the vehicle is not returned in an acceptable condition, as defined in the terms and conditions or exceeds kilometre restrictions, the Guaranteed Trade in Value will be reduced and you'll be required to pay the difference.
 All images shown are overseas models.

How does Hyundai's new CarPlan differ from typical Hyundai financing?

Greater confidence.

Hyundai CarPlan™ will ensure the amount you receive on trade in satisfies the final repayment, even where the value of the trade in is less than the final repayment amount.¹ If the trade in valuation is higher than the Hyundai CarPlan™ value, the difference can be used as equity towards your new or demonstrator Hyundai when you purchase it.²

A personally tailored solution.

You may decide on the term for your finance contract, the deposit you would like to pay (if any) and the kilometres you intend to travel.

Greater flexibility.

At the end of the finance contract term, you'll have the choice to keep your Hyundai, or trade it for a brand new one.²

More options.

You have the option to include things like Pre-Paid Service Plan,³ insurance and accessory costs as part of your fixed-rate loan agreement.

Maintaining your vehicle.

To ensure you enjoy the full benefits of the Hyundai CarPlan,[™] your Hyundai must be in an acceptable condition when you are trading it in for your new Hyundai² and must not exceed the kilometre limit you have selected. Of course, we also understand that some reasonable wear and tear is to be expected, but it needs to remain within the provisions of your Hyundai CarPlan[™] contract and Fair Wear & Tear Guidelines.

Where the vehicle is not in acceptable condition or where you have exceeded your kilometre limit, the Guaranteed Trade in Value of your vehicle will be reduced.

Is Hyundai's new CarPlan right for you?

Hyundai CarPlan[™] is just one of many options available from Hyundai Finance,[™] so there may be another product that suits your individual needs better. Have a chat to your participating Hyundai Dealer about what's right for you.

1. The Guaranteed Trade in Value is not a representation by Hyundai Finance[™] as to the likely market value of your vehicle as at the end of your finance contract. If the Guaranteed Trade in Value applies and the vehicle is not returned in an acceptable condition, as defined in the terms and conditions or exceeds kilometre restrictions, the Guaranteed Trade in Value will be reduced and you'll be required to pay the difference. 2. The feature is available on all new and demonstrator Hyundai vehicles on selected models only. Please verify with your dealership which vehicles are eligible for the programme. 3. **Pre-Paid Service Plan:** for scheduled services only, including parts. Does not include fair wear and tear items. For full terms and conditions visit hyundai.com.au/pre-paid
All images shown are overseas models.

The Hyundai CarPlan from Hyundai Finance is a feature which ensures you receive the Guaranteed Trade in Value (determined by Hyundai Finance) at the end of the term of your contract when you trade it in at a participating Hyundai Dealer in accordance with the terms and conditions. To exercise the feature your vehicle must be inspected and assessed by a participating Hyundai dealer at the end of the term of your finance contract. Adjustments to the value may apply. You receive the Guaranteed Trade in Value for the car if you exercise the feature at the end of the term and purchase a new or demonstrator Hyundai at the same time. The amount you receive on trade in will satisfy the final repayment, even where the trade in is less than the repayment amount.

Specifications.

Engine	2 0 T-GDi
Engine family	Theta-II
Configuration	Transverse front mounted driving front wheels
Cylinder capacity	2.0 litres (1,998 cc)
Number of cylinders	4 in-line
