

Hyundai Sat Nav Update plan.

Receive an included map update with your scheduled service.

A Hyundai Sat Nav Update Plan makes staying on track easier with annual Sat Nav map updates available when you complete a scheduled service at an authorised Hyundai dealer. Annual map updates are available for up to ten years*, representing another great Hyundai iCare benefit for our servicing customers.

Check your eligibility when you book your next scheduled service at an authorised and participating Hyundai dealer. As the HERE Map Database continues to evolve, many significant updates are now included in the 2021 release. Below is an overview of what's changed.

The 2021 Map updates include:

For Accurate Guidance

- 64,657 street names
- 270,040 address ranges
- 29,119km of road network
- 13,058 roundabouts
- 740 bridges
- 521 postal codes

For Safe Travel

- 18,945 turn restrictions
- 20,774 one-way roads
- 602,427 speed limits
- 50,023 safety cameras (incl. school zones)
- 3,265 railway crossings
- 29,483km unpaved roads

For Convenience

- 72,695 signpost information
- 2,151 total junction views
- 63,536 cartos
- 23,905 places of interest

New Features†

- Display parking around a destination
- Limits consolidated for concise POIs search and optimization
- Voice guidance mute functionality
- Addition of warning sign graphics in the Alert settings
- Addition of Tourist attraction as a POI category
- New graphic user interface (GUI) theme
- Home & Office buttons during weekday mornings and afternoons

* **Hyundai Sat Nav Update Plan:** Only applies to new vehicles with factory-fitted satellite navigation. Updates are delivered annually and are included if the vehicle completes a scheduled service at a participating Hyundai dealer. Models with factory-fitted satellite navigation, updates must be undertaken within 10 years of the vehicle's initial purchase, maximum number of 9 updates. As part of the Sat Nav Update process, some of your settings may need to be reset. New features are available on selected models. New MY 2021 models will have the latest 2021 maps already installed in the vehicles AVN and will be eligible to install annual map updates once released by AutoEver. For all other Hyundai vehicles (excluding i45), updates must be undertaken within 6 ½ years of the vehicle's initial purchase, with a maximum number of 5 updates.

† As part of the Sat Nav Update process, some of your settings may need to be reset. New features are available on selected models fitted with satellite navigation – Veloster (JS), i30 (PD), i30N (PDeN), IONIQ, Elantra (AD PE), Kona(OS), Nexo (FE), Venue (QX), Tucson (TL) and Santa Fe (TM). New MY 2021 models will have the latest 2021 maps already installed in the vehicles AVN and will be eligible to install annual map updates once released by AutoEver – i20N (BC3), i30 (PD/CN7), i30N (PDeN), KONA (OS), Kona N (OS) Santa Fe (TM), Sonata (DN8), Tucson (NX4), Palisade (LX2), Nexo (FE) Staria (QS4) and Staria Load (QS4).
