

Accident guide.

Your guide on what to do in the event of an accident.

Know what to do if an accident happens.

Never been involved in an accident? Great! But if that should ever change, just stay calm and follow these key steps (and keep this guide handy in your glovebox):

1. Assess. Assess the situation. Turn on your hazard lights to warn other drivers. Safely move out of the way of traffic and park in a safe location. If your vehicle is immobile and you're unable to safely move off the road, keep your hazard lights on. Consider your surroundings before exiting the vehicle, your safety is more important.

2. Safely take action. Check for injured people. If someone is hurt or there is major damage to your car, dial 000 for medical and police assistance.

3. Gather information. Inspect the scene and record as many details as you can. Use your smartphone camera to take photos of the accident scene and to record any third party contact and driver licence details. Refer to the detail report on the back of this guide for accident details you should collect. If you don't have a smartphone you can draw a diagram of the accident scene and note other driver details in the space provided.

4. Call Roadside Support, if required. Contact the Hyundai Customer Care Team on 1800 186 306 for Premium Roadside Support. (Open Monday-Friday between 8:30 am-7:00 pm AEST).

5. Contact your insurer to lodge a claim. If you have Hyundai Premier Motor Insurance, call 1300 389 571 or visit, www.allianzclaims.com.au.
