

Time to sync your Smartwatch with Bluelink

Installation guide

Installation for Android watches

A world of convenience and advanced connectivity awaits you. All you need to do is sync your smartwatch with Bluelink. Begin by installing Bluelink app in your mobile phone, then follow the easy steps mentioned below to get started.

Go to 'Play Store' in Smartwatch

Select 'Apps on your phone'

Select 'Bluelink'

Download

Install

Personalisation

After you have successfully downloaded Bluelink for your smartwatch, it is time to personalise it. You can do so by following these simple steps:

Go to 'Play Store' in Smartwatch

Select 'Bluelink Face'

Download

Install

Installation for Tizen OS watches

Enjoy the next level of connectivity by syncing your Tizen OS Watch with Bluelink. Follow these easy steps mentioned below to get started.

Go to 'Samsung Galaxy Store' in your phone

Search for Hyundai Bluelink

Select 'Bluelink'

Install

Personalisation

Now that you have synced your Tizen OS watch with Blue Link, personalize it and enjoy seamless connectivity.

Go to Samsung Galaxy Store in your phone ► Bluelink watch face
► Download ► Install
