

Hyundai Motor India Limited Celebrates Completion of Para-Athlete Chandeeep Singh's Historic 7,000+ Km Expedition under 'Samarth by Hyundai'

- Para-athlete and electrical engineer Chandeeep Singh successfully completes the 7,000+ km cross-country expedition from Jammu to Kanyakumari and back, driving a specially modified Hyundai CRETA entirely with his feet
- Officially enters the Golden Book of Records, establishing a groundbreaking world record for the longest foot-driven vehicle expedition across India
- Under 'Samarth by Hyundai, Hyundai reinforces its pledge toward barrier-free mobility for people with disabilities

Gurugram | August 03, 2026: Hyundai Motor India Limited (HMIL), under its 'Samarth by Hyundai' initiative, proudly supported international para-athlete Mr. Chandeeep Singh in successfully completing an extraordinary 7,000+ km drive from Kashmir to Kanyakumari and back in a specially designed Hyundai CRETA. Demonstrating exceptional courage, endurance and the power of accessible mobility, Mr. Chandeeep Singh successfully accomplished this record-setting expedition, earning a coveted place in the Golden Book of Records.

The specially adapted Hyundai CRETA enabled Mr. Chandeeep Singh to undertake one of India's longest cross-country drives by a para-athlete, traversing diverse terrains and climatic conditions while reinforcing the message that mobility should empower every individual to pursue their aspirations without limitations.

Speaking on the successful culmination of the historic drive, Mr. Virat Khullar, Head, Marketing, HMIL, said, *"At Hyundai Motor India, we believe mobility is about empowering people and enabling possibilities. Through our 'Samarth by Hyundai' initiative, we are committed to creating a more inclusive and accessible ecosystem where every individual can dream bigger and achieve more. Chandeeep Singh's remarkable journey is a powerful testament to the indomitable human spirit, resilience and determination. We are honoured to have supported him in this historic*

achievement, which not only finds a place in the Golden Book of Records but also inspires millions across the country to redefine what is possible.”

Expressing his gratitude, Mr. Chandeeep Singh, International Para-Athlete, said, *“Completing this 7,000+ km drive from Jammu to Kanyakumari and back, and securing a place in the Golden Book of Records, is a dream realized through years of relentless preparation, grit, and belief. This journey was never just about setting a record, it was about showing every person that with determination, the right support, and accessible technology, no destination is out of reach. The specially adapted Hyundai CRETA performed flawlessly across every terrain, truly becoming an extension of my body and spirit. I am deeply grateful to Samarth by Hyundai for believing in my vision and helping turn what seemed impossible into a reality for India. Furthermore, I am also grateful to Hyundai dealership network for their unwavering support throughout this remarkable journey.”*

The successful expedition further reinforces Hyundai Motor India’s commitment to inclusive mobility and social progress through its ‘Samarth by Hyundai’ initiative, which focuses on improving accessibility, enabling equal opportunities and empowering persons with disabilities through meaningful interventions.

About Samarth by Hyundai

‘Samarth by Hyundai’ is Hyundai Motor India Limited’s flagship social initiative dedicated to promoting accessibility, inclusion and empowerment for persons with disabilities. Through strategic partnerships, infrastructure enhancement, assistive technologies, para-sports development and awareness-led initiatives, Hyundai continues to build an inclusive mobility ecosystem that enables individuals to lead independent and fulfilling lives.
