Interior

The hi-tech panoramic curved display and streamlined interior design provide satisfaction for passengers.

More on Interior

Gasoline 2.0 Inspiration (Greige)

* Infotainment system display may change depending on updates.

Hyundai's next-generation infotainment system (ccNC: connected car Navigation Cockpit)
The panoramic curved display's cluster, navigation, and head-up display all feature the same graphic theme, giving them a streamlined look.
Functions include natural language-based voice recognition, media streaming, and real-time road navigation.

* Infotainment system display may change depending on updates.

Column-type Shift-by-Wire
The column-mounted rotary-type electronic shift dial aligns
the direction of operation with the direction of travel for intuitive control.

Dual-zone full automatic air conditioning (with fine dust sensor, air cleaning mode, auto defog system, and after-blow function)
The touch-operated, wide-screen air conditioning controller allows touch control of seat heating/ventilation and steering wheel heating.

Function

Control your vehicle with even greater ease through the latest convenience features.

More on Function

In-car fingerprint authentication system (startup/payment)
Fingerprint recognition enables starting the vehicle or using In-Car Payment.

Digital key 2
The vehicle can be locked, unlocked, or started using an iPhone, Apple Watch, or Android smartphones (e.g. Samsung smartphones), and access permissions can be shared with up to 15 devices.

* Please refer to Hyundai Motor's website for a list of eligible models.

Smart power trunk
Standing behind the vehicle for more than three seconds while carrying the smart key automatically opens the trunk for convenient loading and unloading of luggage.

Remote Smart Parking Assist
Remote Smart Parking Assist (RSPA) helps with remote parking and pulling out of a parking space from outside the vehicle.
The smart key can be used outside the vehicle to remotely move the vehicle forward or backward.

Surround View Monitor
Surround View Monitor (SVM) displays video of the vehicle's surroundings from multiple perspectives for safer parking.

Blind-spot View Monitor
Blind-spot View Monitor(BVM) displays a view of the rear blind spot in the corresponding direction when the turn signal switch is engaged.

* Infotainment system display may change depending on updates.

Cutting-edge technologies deliver a practical and advanced mobility experience.

Motorized rear seat curtain
The curtain blocks sunlight entering through the rear window and can be operated with a single button. When reversing, the curtain automatically lowers to provide a clear rearward view.

Active air purification system
The air purification mode is automatically activated to improve air quality inside the vehicle by filtering out fine dust and dehumidifying the indoor air.

Passenger relaxation comfort seats
Provides the front passenger with an optimized resting position to help reduce fatigue, while one-touch operation provides added convenience.

In-car Payment/e hi-pass
With a registered card in In-Car Payment, parking and fuel payments at participating vendors can be made conveniently with a simple touch on the navigation screen, without cash or a physical card. With e hi-pass, toll fees on paid roads can also be paid without a physical card.

BOSE premium sound(12 speakers, external amp)
Enjoy rich, immersive sound with the BOSE premium sound system featuring 12 high-performance speakers.

* e hi-pass can be used after adding hi-pass. * Infotainment system display may change depending on updates.

Built-in cam 2

Dedicated high-resolution front and rear cameras deliver clear image quality day and night, with audio recording, large-capacity external storage, OTA updates, and driving information storage and playback, including map integration. Bluelink enables the transmission of recorded footage of impacts detected while parked and provides Built-in Cam status information.

Augmented reality navigation

The driving screen intuitively displays essential driving information, such as the destination, distance to the vehicle ahead, and forward vehicle departure alert, using augmented reality technology.

Performance

Enhanced driving stability delivers a more relaxed driving experience.

Smartstream Gasoline 1.6 Turbo engine

180 Max.Power PS/5,500rpm
27.0 Max.Torque kgf·m/1,500~4,500rpm
13.5 Combined fuel economy km/ℓ (8-speed A/T/17-inch, without Built-in Cam)

Smartstream Gasoline 2.0 engine

160 Max.Power PS/6,500rpm
20.0 Max.Torque kgf·m/4,800rpm
12.6 Combined fuel economy km/ℓ (6-speed A/T/17-inch, without Built-in Cam)

Smartstream LPG 2.0 engine

146 Max.Power PS/6,000rpm
19.5 Max.Torque kgf·m/4,200rpm
9.7 Combined fuel economy km/ℓ (6-speed A/T/17-inch)

Smartstream Gasoline 2.0 Hybrid engine / Electric motor

195 Max.System output PS(Gasoline engine : 152PS, Electric motor : 38.6kW)
19.2 Max.Engine Torque kgf·m/5,000rpm
205 Max.Motor Torque Nm
19.4 Combined fuel economy km/ℓ (6-speed A/T/16-inch, without Built-in Cam)

Smartstream Gasoline 2.5 Turbo engine

290 Max.Power PS/5,800rpm
43.0 Max.Torque kgf·m/1,650~4,000rpm
11.1 Combined fuel economy km/ℓ (8-speed wet DCT/19-inch)

Hyundai SmartSense

Hyundai SmartSense keeps the driver and passengers safe and protected.

More on
Hyundai SmartSense

Forward Collision-avoidance Assist

When a risk of collision with a vehicle, pedestrian, or cyclist ahead is detected, the system provides a warning and assists with braking when necessary. It also assists in avoiding collisions with oncoming vehicles at intersections or while driving within a lane.

Blind-spot Collision-avoidance Assist

Provides a warning when a risk of collision with a vehicle approaching from the rear side is detected during lane changes. The system assists with braking when the risk of collision increases while pulling out forward from a parallel parking space with a vehicle approaching from the rear side.

Safe Exit Warning

Safe Exit Warning(SEW) provides a warning when a risk of collision with a vehicle approaching from the rear side is detected as an occupant opens the door to exit the vehicle after stopping.

* Since the advanced driver assistance system (ADAS) is a function that assists the driver's operation, always drive with caution.
* The function may not operate smoothly or properly depending on the surrounding environment and driving conditions.
  In addition, the function may operate with restrictions depending on the regulation related to the certification of the advanced driver assistance system. For details, refer to the owner's manual.
* The above specifications are applied differently depending on the trim, powertrain, and specifications directly selected by the vehicle purchaser in consideration of price and preference.

Navigation-based Smart Cruise Control(safety speed zone/curve control)
Helps maintain a safe speed appropriate for road conditions when driving on highways and motorways.
Automatically decelerates before entering speed limit zones and curved road sections,
then returns to the previously set speed after passing through the relevant sections.

Lane Following Assist
Lane Following Assist(LFA) helps keep the vehicle centered in its lane while driving.

Rear Cross-traffic Collision-avoidance Assist
Provides a warning when a risk of collision with a vehicle approaching from the left or right is detected while reversing. If the risk of collision increases after the warning, the system assists with automatic braking.

* Since the advanced driver assistance system (ADAS) is a function that assists the driver's operation, always drive with caution.
* The function may not operate smoothly or properly depending on the surrounding environment and driving conditions.
  In addition, the function may operate with restrictions depending on the regulation related to the certification of the advanced driver assistance system. For details, refer to the owner's manual.
* The above specifications are applied differently depending on the trim, powertrain, and specifications directly selected by the vehicle purchaser in consideration of price and preference.

Hybrid

Advanced driving performance further enhances the hybrid driving experience.

12V battery reset button (Hybrid only)
Hybrid vehicles are equipped with a 12V battery protection system to prevent complete discharge. If the battery is suspected to be discharged, charging can be attempted using the 12V battery reset button.

Paddle shift (regenerative control)
Regenerative braking is level-adjustable, allowing driving performance that matches the driver's style and/or preferences.

Hybrid-exclusive contents
Provides essential driving information through a variety of dedicated content, including driving and fuel economy information, an energy flow diagram, and ECO Driving.

Ride comfort technologies (e-Comfort Drive)

- **e-Ride Gen2**
  Minimizes vehicle shaking when passing over speed bumps or accelerating.

Driving performance-enhancing technologies (e-Dynamic Drive)

- **e-Handling**
  When entering or leaving a lane on a curved section of road, the vehicle's center of gravity shifts with the torque of the motor to improve steering responsiveness and safety while turning.
- **e-EHA (Electrically-Evasive Handling Assist)**
  A technology that helps avoid forward collisions and maintain stability after evasive steering.
- **e-Traction**
  Improves controllability during sudden acceleration or sharp cornering.
- **e-DTVC (Electrically Assisted Dynamic Torque Vectoring Control)**
  Adjusts driving force to improve cornering linearity.

※ If the installation of Built-in Cam is not separately specified, there is no difference in fuel economy depending on whether it is installed.

SONATA Hybrid Warranties	
Warranty for Hybrid parts	**10-year/200,000-kilometer warranty** - Electric motor, Hybrid high-voltage battery HPCU (Hybrid Power Control Unit)

※ The benefits offered through the warranties above may be subject to change.
※ Contact a branch or dealership for details.
※ The warranty period starts from the date of new vehicle sale and expires when either the specified period or mileage is reached, whichever comes first.

Maintain a constant speed to drive more efficiently.

-The fuel economy described above is based on the standard model and may differ during actual driving depending on road conditions, driving technique, cargo load, vehicle maintenance, and outdoor temperature. -Some of the images presented here include optional specifications, so their appearance may differ from the car you purchase. -The specifications, colors, and sources presented here may be modified to improve vehicle exterior and performance. -The engine performance described above is the "Net Number," a new measure reflecting exhaust resistance that complies with legislation enforced by Korea's Ministry of Land and Transport since 1997. It can be marginally lower than "Gross Output Number," the previous measurement. -Nappa leather/leather seats include some synthetic leather. -Vehicle colors presented here may differ from actual appearance. -A high-performance brake that has been applied with a low steel pad may create noise (due to the nature of the performance functions). This is a normal phenomenon. -Some specifications may vary for rented/handicap vehicles and regular vehicles. -All of the measurements in this brochure apply to the Gasoline/Hybrid/N Line models. Therefore, the specifications and the features of the LPG models might differ. -Hyundai Motor Company is committed to fair trade practices, with the same price and quality of vehicles nationwide.
-Use of engine oil or fuel that is of low quality may result in damage to the vehicle. -For more information about the new technologies and specifications described in this brochure, please refer to a user's manual.
