

GRANDEUR

Calligraphy Full Option (Artisanal Burgundy Matte)

**DONE.
YET.
GRANDEUR.**

We enjoy shaping what comes next rather than resting on achievement. A relentless commitment to progress—that is the true meaning of GRANDEUR.

Exterior

GRANDEUR's refined sensibility flows seamlessly from its Shark Nose design and fender-mounted LED turn signals to the slimmer rear combination lamps.

Calligraphy Full Option (Artisanal Burgundy Matte)

20" alloy wheel & tire (exclusive to Calligraphy) / Fender LED turn signals

Horizontal LED lamp (Seamless Horizon Lamp - daytime running lights, turn signals, positioning lamps)

LED rear combination lamps / Sequential turn signals (front/rear)

Interior

A sweeping, rounded silhouette paired with signature finishing details creates a premium lounge-like space.

Calligraphy Full Option (Burgundy one-tone)

* The image displayed on the infotainment system screen may change with updates.

Smart Vision Roof

Premium living space design

Split-opening console armrest (includes heating)

※ The interior surface of the Smart Vision Roof is treated with a special heat-reducing coating. Additional window tinting may reduce its effectiveness and diminish its heat-blocking performance.

Calligraphy & Black Ink

Calligraphy expresses a level of refinement unique even among flagship sedans through its distinctive design and premium materials.

Calligraphy Full Option (Transmission Blue Matte) / Calligraphy Black Ink Full Option (Abyss Black Pearl)

Calligraphy

Embossed Nappa leather steering wheel (leather-wrapped horn cover, real stitching)

Nappa leather seats (quilting, piping applied)

Real wood / real aluminum trim (Calligraphy)

Couch pattern door trim

Black Ink

Matte black radiator grille

20" Black Ink-exclusive black alloy wheel & Pirelli tire

* Real wood and real aluminum interior trim vary according to the interior color selected (real aluminum - Black Monotone; real wood - all other interior color options).

Pleos Connect

The privilege of being among the first to experience new mobility — GRANDEUR.

Pleos Connect 17" infotainment (Bluelink, wireless phone projection, Bluetooth hands-free, e hi-pass, App Market)

A next-generation system that integrates the cluster and AVN, enabling more intuitive control and a continuous expansion of in-vehicle experiences.

Vehicle control using soft keys

From checking vehicle status to configuring and controlling key functions, soft keys enable intuitive operation, while a one-touch-oriented interface and integrated interactions improve ease of use.

App Market

The AAOS-based App Market allows users to download and install a wide range of applications, while continuously expanding content and services deliver a richer in-vehicle experience.

Intuitive control through the driving information display

Centered around the driving information display, real-time vehicle status and surrounding conditions are shown intuitively with information dynamically adapting to driving and parking situations. Key information can also be accessed quickly through the bottom bar.

Gleo AI

Powered by a large language model (LLM)-based generative AI, Gleo AI understands conversational context along with vehicle and system information for natural interactions. It can handle a wide range of commands, including destination setting, climate control, and window operation, and can execute multiple vehicle controls simultaneously. In addition, it provides up-to-date information through web-based search and delivers natural voice responses.

9.9" Slim Display

Intuitively displays core driving information, keeping the driver's focus safely on the road.

Head-up Display

Smart Cruise Control, turn-by-turn (TBT) navigation, traffic signs, and other key driving information are presented through intuitive 3D graphics. Traffic signs and lane information are precisely rendered to reflect the actual driving environment. By displaying only the information essential for driving, it filters out distractions for a more immersive driving experience.

Driving

A refined and stable driving experience that embodies the prestige of Hyundai Motor's flagship sedan

Smartstream Gasoline 2.5

198 Max. Power PS/6,100rpm **25.3** Max. Torque kgf-m/4,000rpm **11.6** Combined fuel economy* km/ℓ (based on 18" tires/8-speed A/T/2WD)

Smartstream Gasoline 3.5

300 Max. Power PS/6,400rpm **36.6** Max. Torque kgf-m/5,000rpm **10.0** Combined fuel economy* km/ℓ (based on 18" tires/8-speed A/T/2WD)

Smartstream LPG 3.5

240 Max. Power PS/6,000rpm **32.0** Max. Torque kgf-m/4,500rpm **7.7** Combined fuel economy* km/ℓ (based on 18" tires/8-speed A/T/2WD)

* Based on models without Built-in Cam.

Electronically controlled suspension with road preview

Anticipates surface conditions of roads ahead to control the damping force of suspension and reduces vehicle body movement during automatic acceleration and deceleration while using Highway Driving Assist with Highway Body Motion Control, delivering optimized ride comfort.

Active road noise control

Counteracting sound waves are emitted to cancel out road noise while driving, reducing noise levels and enhancing cabin quietness.

HTRAC

An electronic AWD system actively distributes power between the front and rear wheels according to driving conditions to help optimize driving performance.

Electronic shift lever (haptic warning)

Gears can be selected through simple up-and-down lever operation. The gear-position highlighting function enhances steering control and helps drivers maintain focus on the road.

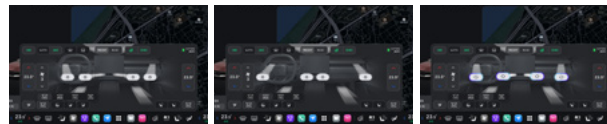

Function

Thoughtful premium convenience features provide greater comfort and care for every occupant

Power air vents

Airflow can be precisely controlled through Focus, Spread, Cycle, and Custom modes, and settings can be adjusted according to occupant height. A fine dust sensor, anti-bacterial air purification function, and After Blow function help to maintain a clean cabin environment.

· Focus mode

· Spread mode

· Cycle mode

BOSE premium sound (14 speakers, external amplifier)

A 14-speaker system and external amplifier deliver deep bass and rich surround sound. Enhanced speaker grille patterns and stainless-steel tweeter grilles further elevate the premium interior ambiance.

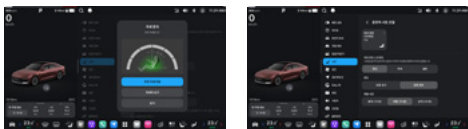

Multifunction switch

Frequently used turn signal, high-beam, and wiper controls are integrated into the left-side steering wheel lever to improve convenience and driving safety. A headlamp status indicator makes it easier to recognize if the headlamps are engaged

Ergo Motion Seat / Driver's seat Integrated Memory System (with Smart posture control system)

Seven air cells embedded within the seat and cushion pad provide optimized seating comfort tailored to the driver's posture and movement. Lateral support is automatically adjusted according to driving mode and vehicle speed. The Smart Posture Care system automatically selects the optimal driving position based on the driver's body dimensions, while the Comfortable Stretch mode helps to reduce fatigue during long-distance drives.

· Smart Posture Care system · Comfortable Stretch mode

Second-row reclining seats*

Power reclining seats with synchronized cushion sliding in the second row allow occupants to relax in greater comfort by conveniently adjusting the maximum recline angle with a one-touch switch.

2nd row electronic door curtains

Electric door curtains are applied to both sides of the second-row, providing passengers with optimal lighting and privacy.

* Feature newly added to the previous Grandeur Hybrid model.

Surround View Monitor (Transparent Vehicle Display)

Images captured by four wide-angle cameras are combined to provide a comprehensive view of the vehicle's surroundings. Five viewing modes, including Front + Top View, Rear + Side View, and 3D View, can be selected according to needs. Transparent Vehicle Display shows a see-through aerial image of the vehicle to allow drivers to see the area beneath the vehicle that would otherwise be difficult to see.

Dual smartphone wireless charging (MagSafe compatible, standard high-speed charging)

Two smartphones can be charged conveniently without cables. The driver-side charging pad features MagSafe-compatible magnetic alignment for improved charging efficiency and enhanced stability while driving. The passenger-side charging pad supports standard high-speed wireless charging for a wide range of devices. Charging status can be easily checked through the Pleos Connect display.

Hybrid

Grandeur Hybrid—Greater value through improved performance, convenience, and fuel efficiency

Smartstream Gasoline 1.6 Turbo Hybrid engine / electric motor

※ Detailed specifications will be released upon completion of the certification process.

Stay Mode

Allows the use of key convenience features, such as climate control, audio, and lighting, using only vehicle battery power without running the engine. It offers the convenience of using manual stationary mode (P position), which is activated while parked, or navigation-linked pre-charging mode, which secures a sufficient battery charge in advance based on the set destination.

* Stay Mode cannot be used if any of the following conditions apply: battery level below 35%, low-fuel warning activated, battery main relay off, or the vehicle is not in Park (P).

※ The actual infotainment screen display may differ from the image shown.

Hyundai SmartSense

From driving to parking, advanced driver assistance systems enhance safety and convenience

Memory Reverse Assist

Memorizes the vehicle's previous driving path to automatically assist with steering when backing out of narrow roads or tight alleys. When activated, it projects the saved path onto the surround view monitor for a more intuitive and stable reversing experience.

Forward Collision-Avoidance Assist 2 (Junction Crossing/Lane-change Oncoming/ Lane-change Side/Evasive Steering Assist)

Automatically assists with braking when an increased risk of collision is detected with vehicles, motorcycles, pedestrians, or cyclists ahead, as well as with vehicles approaching from the side at intersections or oncoming vehicles while overtaking. Evasive steering assistance is also provided if a risk of collision is detected with a vehicle approaching from the side during a lane change or with a pedestrian near the edge of the lane ahead.

Blind-spot Collision Warning (Driving), Blind-spot Collision-avoidance Assist (Parallel Exit)

Warns the driver when the turn signal is activated to change lanes and a risk of collision with a vehicle in the rear blind-spot area is detected. It also assists with braking when exiting a parallel parking space if an increased risk of collision with a vehicle approaching from the rear is detected.

Highway Driving Assist 2

Helps to maintain a set distance from the vehicle ahead and a set speed while driving on expressways and highways. It also helps to keep the vehicle centered in its lane, even on curved roads, and assists with lane changes.

Navigation-based Smart Cruise Control(safety zones, curved sections, entrances and exits)

Automatically adjusts the vehicle speed to ensure safe driving while driving through safe speed zones and curved sections of expressways and highways. The vehicle returns to the previously set speed after passing these sections.

※ Advanced Driver Assistance Systems (ADAS) are designed to assist the driver. Always remain attentive and drive with care.

※ Functions may not operate properly depending on surrounding environment and driving conditions. Certain functions may also be limited in accordance with regulations governing Advanced Driver Assistance Systems certification. For details, please refer to the Owner's Manual.

※ The specifications shown above may vary depending on the trim, powertrain, and options that are selected.

Brown one-tone (Nappa leather seats) - Includes real wood interior trim

※ Exclusive interior features are included when selecting the Calligraphy trim (genuine wood or aluminum trim, Nappa leather seats with quilting and piping, suede interior trim, etc.).

Exclusive interior features are included when selecting Black Ink package (black hairline-finish aluminum trim, black door scuff plates, black suede interior trim, etc.).

Customizing

H Genuine Accessories

New vehicle options

Essential Accessories Package

Luggage mat

NFC card key

LED Metal package

LED metal door scuff

LED metal transverse trim

20" high-gloss sputtering wheel

Built-in air purifier 2.0

Smart card key

Vehicle Protection Film I

Vehicle Protection Film II

Black roof skin

Aftermarket-exclusive products

Smart vision roof sunshade

Cordless Handheld Vacuum Cleaner

Cordless Handheld Air Duster

Sun visor sunglasses clip

Car air freshener (Cool Aqua)

※ Vehicle Protection Film I is applied to the front/rear bumper sides, rear bumper upper, outside mirrors, and door steps. ※ Vehicle Protection Film II is applied to the center of the doors, door edges, outside door handles, and fuel door cover. ※ Partial peeling of the Vehicle Protection Film and Black Roof Skin may occur if high-pressure water is continuously sprayed directly at the edges of the film. ※ The rear-seat Built-in Air Purifier 2.0 may be partially obstructed when the front passenger seat's Relaxation Comfort function is in use. ※ The recommended replacement interval for the built-in air purifier filter is 6 months (based on 2 hours of use per day). Replacement filters can be purchased at the Hyundai Brand Store within the Hyundai Shop (shop.hyundai.com). ※ Smart card keys and NFC card keys are covered under a complimentary warranty for up to 1 year or 20,000 km, whichever comes first. ※ 20" high-gloss sputtering wheels are only available when 20" wheels are selected. ※ The LED Metal Package is available only on gasoline and hybrid models. ※ LED metal door scuffs are only installed in the front row (driver and passenger seats). Second row seats feature metal door scuffs without LEDs. ※ The LED metal door scuffs and transverse trims may cause glare when opening or closing the doors or trunk. ※ When selecting optional H Genuine Accessories, vehicles can only be delivered from the Namyang, Chilgok, or Yeongnam shipping centers. ※ When selecting optional H Genuine Accessories, separate compensation for originally installed parts is not provided, as the cost of handling such parts is already factored into the package price. ※ A wide variety of aftermarket accessories is available for purchase at the Hyundai Brand Store in the Hyundai Shop (shop.hyundai.com).

GRANDEUR Hybrid Warranties	
Warranty for Hybrid parts	<p>10-year/200,000 km warranty</p> <ul style="list-style-type: none"> - Electric motor, Hybrid high-voltage battery HPCU (Hybrid Power Control Unit)
<p>※ The benefits offered through the warranties above may be subject to change. ※ Contact a branch or dealership for details.</p>	

Maintain a constant speed to drive more efficiently.

-The fuel economy described above is based on the standard model and may differ during actual driving depending on road conditions, driving technique, cargo load, vehicle maintenance, and outdoor temperature. -Some of the images presented here include optional specifications, so their appearance may differ from the car you purchase. -The specifications, colors, and sources presented here may be modified to improve vehicle exterior and performance. -The engine performance described above is the "Net Number," a new measure reflecting exhaust resistance that complies with legislation enforced by Korea's Ministry of Land and Transport since 1997. It can be marginally lower than "Gross Output Number," the previous measurement. -Leather seats include some synthetic leather. -Vehicle colors presented here may differ from actual appearance. -Hyundai Motor Company is committed to fair trade practices, with the same price and quality of vehicles nationwide. -Use of engine oil or fuel that is of low quality may result in damage to the vehicle. -For more information about the new technologies and specifications described in this brochure, please refer to a user's manual.

For when thinking of buying, and maintaining my car!

Hyundai Motor's various services are prepared to assist from start to finish!

Convenient test drive service

Step 1: Make a test drive reservation (website, phone, and car coordinator)

Step 2: Fill out a consent form at the relevant driving center

Step 3: Go on a test drive

Step 4: Receive a purchase consultation (e.g. estimate, and purchase conditions)

Test drive reservation

New vehicle purchase benefits

Bluemembers points are accrued for members who purchase new Hyundai Motor vehicles (including commercial models), with accruals varying by purchase type, vehicle category, and purchase frequency.

Detailed information
on point accumulation

① Individual members: 50,000 to 750,000 points depending on vehicle type and purchase frequency

② Corporate members: 30,000 to 70,000 points depending on vehicle type

※ For more details, please visit Hyundai's official website.

Advantage program with no regrets

- Model change possible within 30 days from delivery

- In case of a car-to-car accident within one year of delivery, Hyundai Motor will replace your car with a new one

- If you return your car after the first installation payment and before the end of the installment payment period, your remaining payments will be exempted.

※ For more details, please visit Hyundai's official website.

For more
information

Tip - Anyone who is at least 21 years old and has a driver's license can test drive a car. Don't forget to bring your driver's license!

- When purchasing a new vehicle, additional Bluemembers points will be accrued when using the Hyundai Mobility Card. (For more details, please refer to the Hyundai Card website.)

※ Customers who use an earlier version of a Bluemembers partner credit card are eligible for existing point accumulation benefits (M Points, Bluemembers Points).

The Advantage Program is available exclusively to individual customers (corporate customers, including joint ownership with a business, are excluded), and does not apply to commercial vehicle models, including Genesis brand vehicles, electric vehicles, hydrogen fuel cell vehicles, and small commercial vehicles.

Convenient & worry-free vehicle maintenance
