Exterior

The past-meets-future design and Parametric Pixels come together to create an unrivaled style.

Prestige(Exterior color : Gravity Gold Matte)

Exterior
Take a closer look

Full LED headlamps(projection type)

Digital side mirror

20-inch alloy wheels & tires

Prestige(Interior color : Dark Pebble Gray)

* The screen layout/design of the infotainment system may change with the updates.

Interior

Interior
Take a closer look

The interior feels more spacious than ever thanks to the incorporation of a “comfortable living space” motif.

Dual-zone full automatic air conditioning
Ambient mood lighting

12.3-inch cluster / 12.3-inch navigation system

Space

Features such as the Universal Island and Relaxation Comfort Seat make it easy to arrange the interior in several different ways based on need.

Prestige(Interior color : Dark Pebble Gray)

Natural leather seats, Power-adjustable 1st row seat (leg rest, relaxation comfort seat), Integrated Memory System

Universal Island

Can be moved back as far as 140 millimeters, allowing for efficient use of space

Memory function(for all seats) / 2nd row electric sliding seats

The memory function allows the desired locations of the passenger and second-row seats to be saved. The second-row seats, which can slide forward or backward electrically, maximize the use of space.

N Line

An elegant, sporty design that embodies an innovative style.

N Line(Exterior color : Ecotronic Gray Pearl)

N Line(Interior color : Black one-tone)

* The screen layout/design of the infotainment system may change with the updates.

N Line
Take a closer look

Front bumper

The sporty, N Line-exclusive design gives the front bumper a high-performance look.

Rear bumper

The rear bumper's N Line-exclusive design accentuates the vehicle's sportiness.

Garnish hidden lighting(with charging indicator light)

The lighting pattern, which is unique to the N Line model, gives the vehicle a unique image.

20-inch alloy wheels(with N Line wheel caps) / Body-colored wheel arch moldings

The stylish, N Line-exclusive wheel design and elegant body color molding come together to convey power.

N Line-exclusive seats(including exclusive emblem) / Red stitching

The leather seats, which incorporate Alcantara, and red stitching applied throughout the interior offer a sleek, unrivaled aesthetic.(N Line-exclusive leather seats are provided as a basic option.)

Metallic pedal & footrest

Function

Fortified cutting-edge technologies and amenities offer an experience that surpasses rivals.

Wireless phone charger

The wireless charging system is positioned above the Universal Island to make it easily accessible to all passengers.

Digital center mirror

An exclusive camera gives the driver a clear, sharp rear view.

Digital key 2

The vehicle can be locked or unlocked or the ignition turned on via iPhone, Apple Watch, or Android smartphone (such as a Samsung phone). The digital key can be shared with up to 15 devices.

* Please refer to Hyundai Motor's website for a list of eligible models.

OTA Software Update

If the vehicle is not equipped with the latest software version, once the ignition is turned off, a wireless software update will begin, with the driver's consent.

* The screen layout/design of the infotainment system may change with the updates.

Function
Take a closer look

Smart power tailgate

If the driver stands close to the rear of the vehicle with the smart key on their person, the tailgate will open automatically, after a short period of time, making it easier to load and unload luggage. The extent to which the tailgate opens may be adjusted according to the driver's height or unloading environment.

Blind-spot View Monitor

Engaging the turn signal in either direction shows the driver video footage of what's next to and behind the car in the instrument cluster.

Augmented reality navigation

Intuitively provides the many types of information needed while driving (e.g. destination, vehicle-to-vehicle distance, FVSA for vehicle in front) on the AR display.

Surround View Monitor

Offers a clear view of the vehicle's immediate vicinity while driving or parking through high-resolution cameras and digital video transmission techniques.

* The screen layout/design of the infotainment system may change with the updates.

Driving

Can drive farther due to the use of a higher-capacity battery.

Driving
Take a closer look

Prestige(Exterior color : Gravity Gold Matte)

Maximum driving distance for one charging

485km

The 84.0kWh battery pack enables long-distance driving without having to worry about battery life.
(2WD, 19-inch, without built-in cam)

Max. Power / Max. Torque

239kW(325PS)/605Nm

The IONIQ 5's 239kW output makes it fun and dynamic to drive.
(based on total AWD capacity)

* The above driving range was calculated based on the standard driving mode of the Ministry of Trade, Industry and Energy's certification criteria.
It may vary depending on driving conditions, driving style, loaded weight, vehicle's condition, and outdoor temperature.

* A significant drop in the outdoor temperature (i.e. winter) may reduce the battery's performance and, therefore, decrease the driving range.

Exclusive EV platform(E-GMP)

E-GMP is an electric vehicle-dedicated platform for which all functions have been upgraded, including battery, motor, vehicle body, and chassis structure. To guarantee passenger protection and battery safety, extruded aluminum was applied inside the vehicle's side seal for structural safety.

HTRAC

Delivers an exciting driving experience by redistributing front/rear-wheel driving force depending on the situation through the addition of a FWD motor equipped with a 2WD disconnecter.

Charging

Quick and convenient charging services for everyone.

Charging
Take a closer look

How to charge IONIQ 5 ultra-fast in 18 minutes

Drivers can utilize a diverse charging infrastructure through a multi-high-speed charging system (400V/800V). A rapid charger(350kW) can charge a battery from 10% to 80% in only 18 minutes.

* Charging time may vary depending on the power base, facility, optional specifications, and / or outside temperature.

PnC(Plug and Charge)

Authentication and charging start as soon as the charging cable is connected to the vehicle. Payment is made automatically after charging is complete.

* Only possible when using E-pit infrastructure(app installation required)

Indoor V2L

The indoor V2L feature (located under the middle second row seats) enables the unrestricted use of electronic devices inside the vehicle.

Outdoor V2L

Passengers can use a wide selection of electronic devices outside the vehicle as well as inside through the outdoor V2L function. The outdoor V2L function ensures a comfortable experience for passengers during outdoor activities in virtually any environment.

* Indoor/outdoor V2L can only be used when the battery pack is 20~100% charged.

Hyundai SmartSense

Hyundai SmartSense keeps the driver and passengers safe and protected.

Forward Collision-avoidance Assist(vehicles/pedestrians/two-wheeled vehicles/junction turning/ front oncoming/intersection crossing/changing lanes in oncoming traffic/approaching from either side/evasive steering assist)

This function, after scanning the vehicle's immediate surroundings, issues warnings when a collision risk is detected. If, after a warning is issued, the vehicle in front suddenly slows down or the risk of (frontal) collision with a car, motorcycle, pedestrian, or bicycle increases, automatic braking is activated. If, while making a left turn at an intersection with the turn signal on, there is increased risk of collision with a car or motorcycle approaching from the opposite side or with a car approaching from the left or right while going straight through an intersection, automatic braking is activated to help the driver control the vehicle. Automatic control is also activated if, while driving in one's lane, a high risk of collision with a vehicle approaching from the opposite lane is detected. The Forward Collision-avoidance Assist automatically activates avoidance steering if, while changing lanes, there is a risk of collision with a vehicle, two-wheeled vehicle, or two-wheeled/preceding vehicle in the neighboring lane. Avoidance steering is also automatically activated if there is a risk of collision with a vehicle, two-wheeled vehicle, pedestrian, or cyclist at the periphery of the lane in front or, while changing lanes, with a vehicle or two-wheeled vehicle next to or behind the car.

Blind-spot Collision-avoidance Assist

A warning is issued if danger of collision with the vehicle next to or behind the car is detected while the driver is using the turn signal to change lanes. If a risk of collision with the vehicle next to or behind the car is detected (and increases) while attempting a forward exit from a parallel-parked position, automatic braking is activated.

Safety Exit Assist

A warning is sounded in the event that a vehicle is detected approaching from the side or rear when the passenger is opening the door to get out of the car (while parked). If a risk of collision with a vehicle approaching from the side or rear is detected when pressing the Electronic Child Safety Lock while parked, a warning is sounded and Electronic Child Safety Lock will automatically stay locked.

Hyundai SmartSense
Take a closer look

Highway Driving Assist 2

This system helps to not only maintain a safe distance with the vehicle in front on a highway or a regular road by driving at a uniform speed but also to keep the vehicle in the center of the lane on a curved road. If you engage the turn signal (while holding the steering wheel) in the direction you wish to change lanes in, the vehicle will automatically move over (HDA 2 only works above a certain speed).

Navigation-based Smart Cruise Control(safe/curve/access road)

This function helps the driver, in response to situational factors, maintain a safe speed while driving on a motorway or highway and also automatically slows the vehicle down just before entering a section of road with a lower speed limit, curved part of the road, or a ramp. After having passed through such section, the vehicle is returned to the previous speed.

Lane Following Assist 2

This system keeps the car in the center of the lane.

Rear Cross-Traffic Collision-avoidance Assist

If a collision risk is detected from the left or right while driving in reverse, the driver is issued a collision warning. If the collision risk increases after the warning, the brakes are activated automatically.

* The Advanced Driver Assistance System (ADAS) is a group of functions that help the driver operate the vehicle more safely. Please make sure to drive carefully.

* Depending on the environment and driving conditions, the given function may not operate properly. Please refer to the manual for details.

* The above specifications are applied differently depending on the trim, powertrain, and options.

※ The maximum power of an AWD vehicle is based on the combined output of the front and rear wheels. ※ All figures satisfy standards designated by the Ministry of Trade, Industry & Energy.

Maintain a constant speed to drive more efficiently.

■ The fuel economy described above is based on the standard model and may differ during actual driving depending on road conditions, driving technique, cargo load, vehicle maintenance, and outdoor temperature. ■ Some of the images presented here include optional specifications, so their appearance may differ from the car you purchase. ■ The specifications, colors, and sources presented here may be modified to improve vehicle exterior and performance. ■ Leather (seats, wrapped parts) is partially mixed with synthetic leather and/or other materials (e.g., fabric). ■ Vehicle colors presented here may differ from actual appearance. ■ Driving range may vary depending on the driver's habits, road conditions, outdoor temperature, and air conditioning settings. ■ A drop in outdoor air temperature (in winter months) may result in a shorter range due to a decrease in battery performance. ■ Hyundai Motor Company is committed to fair trade practices, with the same price and quality of vehicles nationwide. ■ For more information about the new technologies and specifications described in this brochure, please refer to a user's manual.

The images presented here are intended to inform customers and display the best models and options. The specifications described above vary by option, package, powertrain, and exterior color. For detailed specifications, please refer to the price list for the relevant month.

How to purchase an electric car

① Sign a car sales contract
- Car contract

② Apply for subsidy
- Fill out electric car subsidy application for the local government of jurisdiction
- Submit application
- Receive results

③ Get information on home charger
- Consultation available for those who wish to install a charger at home
- Information on one-stop consulting services, connection to Hyundai Motor partner company

④ Car allocation, car release
- Check is made on eligibility for and amount of electric car subsidy (from local government of jurisdiction) by 10 days before car allocation
- Car will be released if there are no outstanding issues

⑤ Apply for payment of subsidy
- Application process for payment (wire transfer) of subsidy to the local government of jurisdiction must be completed within 10 days of the car's release
- Once subsidy is confirmed to have been wire-transferred to Hyundai Motor, subsidy amount is subtracted from price that needs to be paid by customer

⑥ Install charger
- Home charger will be installed for customers who requested it
- Final check will be done to ensure that the customer is satisfied with the car.

IONIQ 5 Warranty information

- **Warranty period for separately-insured electric car parts:**
10 years, 160,000km
※ High voltage battery: 10 years, 200,000km
- **Related parts:** Drive motor, Reducer, High voltage battery, Inverter, ICCU(LDC+OBC), Electric vehicle system control device(VCU)

The advanced technology of Hyundai's Bluelink system helps keep both the driver and the vehicle safe in any situation.

Bluelink is always there to keep you safe, regardless of the location or time of day. Experience the unique joy of safe and comfortable driving.

Remote control

In the extremely hot summer or cold winter months, you can link your smartphone to the air conditioner or heater to set and control the temperature inside the vehicle. Enjoy a pleasant driving experience with Bluelink.

Safety security

The Bluelink Center works 24 hours a day, 365 days a year. If an airbag opens due to an accident, the Center automatically detects your location and takes appropriate actions according to the situation, such as contacting the police, ambulance, insurance company, etc.

Vehicle management

Services include real-time trouble detection while the vehicle is running and regular vehicle inspections on pre-arranged dates. In the event of vehicle trouble, immediate professional consulting is available, and you may conveniently make reservations for repair at the time and location of your choice.

Navigation

This function enables the driver to conveniently search for destinations through voice command and suggests optimum routes based on an independent analysis of real-time traffic information. The driver can search a database of up-to-date information to find even newly created destinations.

Streaming services

Passengers can enjoy not only audio content from mobile apps such as Genie Music, Melon, and Poddbang but also a wide range of video content (YouTube, U+ Mobile TV, WATCHA, and Wavve) from the comfort of the vehicle. (High-quality audio and OTT & video streaming are add-on services).

*Free of charge for 5 years for first-time Bluelink members after vehicle purchase. Light Service(emergency call, airbag deployment notification, monthly report, traffic data, etc.) is provided free of charge for additional five years. *Inquiries: Bluelink Kakao Talk Customer Service Center(enter 'Bluelink' in Kakao Talk search screen and add as friend)
*Certain functions (Digital Key 2, Hyundai CarPay, OTA(over-the-air) software updates, and wireless infotainment system updates) are provided only to Bluelink members. *Over-the-air software update is available during the Light Service period.

*High-quality audio and OTT & video streaming are add-on services that require a separate purchase of Bluelink's streaming data plan. You must also link your streaming platform (Genie Music, Melon, WATCHA, Wavve, or YouTube Premium) accounts to the app or car. U+ Mobile TV and YouTube (not Premium membership) can be used without logging in.

EV EVerycare Benefits

From driving to charging, sale of used vehicles, and vehicle replacement, we offer support for every aspect of electric car upkeep. Leave the worrying to us!

Benefit 1. Charging benefit for EV-purchasing customers (choose one)

① Up to 1.6 million free charging credits:

Especially handy for residents of multi-unit dwellings or when using a public charger

② Free home charger (including set-up/installation, value of 1.6 million won):

Great for residents of single-unit dwellings or those who have access to EV-exclusive parking spaces

Eligibility: individual Bluemembers whose IONIQ 5 was released in or after February 2024

※ Direct purchase companies or companies using a rental/lease company must provide the names of employees who will be driving the vehicle.
(Please direct any inquiries to the respective retail store.)

※ Does not apply to purchasers of secondhand vehicles or rental/lease transfers

How to apply: My Hyundai app > Charging benefits for EV-purchasing customers

※ You must apply within two months after the month of the vehicle's release.

Benefit 2. Residual value guarantee

Need to sell your secondhand vehicle? We have it covered!

Secondhand Vehicle Price Guarantee Program : If the resale value is less than 55% of market value (for secondhand vehicle between 24 and 36 months old)

※ Individual customers only

Eligibility: Customers whose IONIQ 5 was released in or after February 2024
※ Does not apply to IONIQ 5 N

How to apply: Fill out an application and consent to the terms and conditions of use at the branch/retail store when you purchase your car.

Benefit 3. Replacement with new vehicle

Minimize the customer's financial damage and eliminate concern about car lease in the event of a car accident. If a total loss occurs within one year of the car's release, funding is provided for the purchase of a new vehicle.

※ Provided for purchases of (new) Hyundai passenger vehicles/RVs.
Does not apply to Genesis or small business/commercial vehicles.

Eligibility: Customers whose IONIQ 5 was released in or after February 2024
※ Does not apply to IONIQ 5 N

How to apply: Fill out an application and consent to the terms and conditions of use at the branch/retail store when you purchase your car.

EV Charging

A tightly-knit, far-reaching charging network with no blind spots makes charging easy and convenient for electric vehicle drivers.

Nationwide status of charging station infrastructure

304,000 charging stations in operation (slow: 200,000, fast: 28,000, ultra-fast: 6,000 / as of January 2024)

Map of E-pits (national)

59 ultra-fast (350kW) charging stations
(as of January 2024)

Highway (16 stations)
