Prestige Full Option (Transmission Blue Pearl)

**Maximum driving distance
on a single charge**

562km

(Standard Long Range 2WD, with 18-inch tires)

**400/800V Next generation
multi ultra-fast charging system**

18min

(Charging from 10% to 80%, with 350kW level charger)

PnC(Plug and Charge)

By automatically verifying the vehicle and payment when connecting the charging cable, enables EV charging to be simple and completed faster. It is streamlined and easy to use high-tech system.

* The figures above are based on domestic certification in Korea. * Actual mileage may vary depending on driving style, air conditioning settings, speed, number of passengers, cargo weight, vehicle settings, status of maintenance/repairs, external temperature, and weather and/or road conditions. * PnC(Plug and Charge) is available with E-pit charging infrastructure, and requires the app to be installed.

Electric

Equipped with next-gen battery for the highest level of driving range

More on
Electric

EV route planner

Optimizes the route for electric vehicles by including charging points when charging will be needed, minimizing battery usage while driving.

Outdoor/Indoor V2L

V2L function available on the exterior of the vehicle and under the 2nd-row seats extend battery life for various electronic devices.

* To use indoor V2L for the first time, the cover must be unlocked using the smart key. It can be used while the car is running or in utility mode and also while the outdoor V2L function is being used.

Prestige Full Option (Biophilic Blue Pearl)

Max. Power/Max. Torque

239kW/605Nm

(Long Range AWD combined total figure shown)

Capable performance with maximum power of 239kW, and 605Nm of torque delivers the fun of EV driving.

Driving

Smooth yet dynamic driving sensation

More on
Driving

Prestige Full Option (Transmission Blue Pearl)

HTRAC

Delivers an exciting driving experience by actively distributing power to front and rear wheels reacting to driving conditions through the additional FWD motor equipped with 2WD disconnecter.

Driver monitoring system

Detects driver's fatigue distraction, and failing to look ahead in real time to warn or provide assist in vehicle control.

EV Active Sound Design (e-ASD)

Utilizes electric vehicle's status information and audio system to provide dynamic simulated driving sound to add enjoyment when driving.

Hands-On Detection

Steering wheel is updated with capacitive based system, detecting driver's hands more accurately.

Function

Further convenient and smarter driving experience

More on
Function

Digital side mirror (camera and OLED monitor)

Integrated in the crash pad, the digital side mirror uses camera and OLED display to provides the driver a clear rear view.

Hyundai AI Assistant

With the generative AI developed by Hyundai, passengers can access vehicle's functions via voice commands, and receive essential information while driving.

Digital key 2

The vehicle can be locked or unlocked or started up on via iPhone, Apple Watch, or Android smartphone (e.g., Samsung phone), and access permission can be shared up to 15 devices.

* Please refer to Hyundai Motor's website for a list of eligible models.

Walk-away lock

Moving away a set distance from the vehicle when in possession of the smart key automatically locks the doors.

Air conditioning controller seat detection (Smart Zone)

Automatically senses seating and fastened seat belts to provide optimal air conditioning for number of passengers on board.

100W Type-C USB ports (1 in 1st-row, 2 in 2nd-row)

Fast charging ports capable up to 100W of power provides convenience to passengers on board.

* Maximum of 50W output is available when both ports in 2nd-row is used simultaneously.
* 1st-row includes one additional Type-C USB port with multimedia capability.

BOSE premium sound (8 speakers and external amp)

Enjoy rich audio experience delivered by the 8 speakers paired with BOSE premium sound system.

Built-In cam 2 Plus

Captures front and rear with high definition cameras, and if motion is detected while parked, automatically records and sends notification and footage through Bluelink.

* Built-In cam 2 Plus can run for maximum of 5 consecutive days when motion detect feature is activated.
(Motion detect and 24-hour recording cannot be used simultaneously.)

Hyundai SmartSense

Hyundai SmartSense keeps the driver and passengers safe and protected.

More on
Hyundai SmartSense

Forward Collision-avoidance Assist (vehicles/pedestrians/two-wheeled vehicles/junction turning/front oncoming/ junction crossing/change oncoming/change side/evasive steering assist)

Assists in automatic braking when risk of collision increases with vehicles, two-wheeled vehicles, pedestrians and cyclists in front. Also assists in automatic braking when risk of collision increases with vehicles driving on other side of the road, approaching from either side, and front oncoming vehicles while making a left turn at an intersection. Automatically assists in evasive steering when collision with oncoming vehicle or side vehicle is detected. Additionally assists in evasive steering when risk of collision with vehicle on the edge of lane ahead or pedestrian is detected.

Blind-spot Collision Warning (driving), Blind-spot Collision-avoidance Assist (forward exit)

A warning is issued if risk of collision with a vehicle approaching from rear-side is detected while changing lanes. Additionally, assists in automatic braking when risk of collision increases with a vehicle approaching from rear-side while forward-exiting from a parallel-parked position.

Smart Cruise Control (including driving style)

Assists on maintaining a set distance and speed set by the driver while driving to provide driving convenience.

* Since the advanced driver assistance system (ADAS) is a function that assists the driver's operation, always drive with caution.

* The function may not operate smoothly or properly depending on the surrounding environment and driving conditions. In addition, the function may operate with restrictions depending on the regulation related to the certification of the advanced driver assistance system. For details, refer to the owner's manual.

* The above specifications are applied differently depending on the trim, powertrain, and specifications directly selected by the vehicle purchaser in consideration of price and preference.

Highway Driving Assist 2

Assists in maintaining set distance from the vehicle in front, set speed, and keeping the vehicle centered in lane when driving on highway/ motorway. When driving above a certain speed, by activating the turn signals while holding the steering wheel, the vehicle will automatically change lanes.

Navigation-based Smart Cruise Control (safety speed zone/curve control/access road)

Assists in driving at a safe speed matching the conditions of the highway/ motorway, and automatically slows down the vehicle when in speed safety zone, curved sections, and before entering entrance and exit roads. Automatically returns to set speed after passing the area.

Lane Following Assist 2

Detects the lane with front camera to assist the driver keeping the vehicle centered while driving. If lane is not detected, the vehicle in front is detected to provide assist while other conditions are met. The system has been enhanced with wider operating area(high curvature and etc.) and steering angle control

Rear Cross-Traffic Collision-avoidance Assist

During a slow reverse exit, provides warning if a risk of collision from vehicle approaching from either side is detected, and automatically assists in braking if the risk increases after the warning.

* Since the advanced driver assistance system (ADAS) is a function that assists the driver's operation, always drive with caution.

* The function may not operate smoothly or properly depending on the surrounding environment and driving conditions. In addition, the function may operate with restrictions depending on the regulation related to the certification of the advanced driver assistance system. For details, refer to the owner's manual.

* The above specifications are applied differently depending on the trim, powertrain, and specifications directly selected by the vehicle purchaser in consideration of price and preference.

Long Range N Line AWD		697/120.6	239/325	2,080	20	4.8	4.3	4.6	450	400	428

※ The maximum power of an AWD vehicle is based on the combined output of the front and rear wheels

Maintain a constant speed to drive more efficiently.

-The fuel economy described above is based on the standard model and may differ during actual driving depending on road conditions, driving technique, cargo load, vehicle maintenance, and outdoor temperature. -Some of the images presented here include optional specifications, so their appearance may differ from the car you purchase. -The specifications, colors, and sources presented here may be modified to improve vehicle exterior and performance. -Leather (seats, wrapped parts) is partially mixed with synthetic leather and/or other materials (e.g., fabric). -Vehicle colors presented here may differ from actual appearance. -Driving range may vary depending on the driver's habits, road conditions, outdoor temperature, and air conditioning settings. -A drop in outdoor air temperature (in winter months) may result in a shorter range due to a decrease in battery performance. -This EV is heavier than the internal combustion engine model due to its high-capacity battery. Depending on the specifications for Korean automated parking garages, it may not be possible to park the EV. -Hyundai Motor Company is committed to fair trade practices, with the same price and quality of vehicles nationwide. -For more information about the new technologies and specifications described in this brochure, please refer to a user's manual.

The images presented here are intended to inform customers and display the best models and options. The specifications described above vary by option, package, powertrain, and exterior color. For detailed specifications, please refer to the price list for the relevant month.

How to purchase an electric car

① Sign a car sales contract

- Car contract

② Apply for subsidy

- Fill out electric car subsidy application for the local government of jurisdiction
- Submit application
- Receive results

③ Car allocation, car release

- Check is made on eligibility for and amount of electric car subsidy (from local government of jurisdiction) by 10 days before car allocation
- Car will be released if there are no outstanding issues

④ Apply for payment of subsidy

- Application process for payment (wire transfer) of subsidy to the local government of jurisdiction must be completed within 10 days of the car's release
- Once subsidy is confirmed to have been wire-transferred to Hyundai Motor, subsidy amount is subtracted from price that needs to be paid by customer

IONIQ 6 Warranty information

- **Warranty period for separately-insured electric car parts :**
10 years, 160,000km ※ High voltage battery: 10 years, 200,000km
- **Related parts :** Drive motor, Reducer, High voltage battery, Inverter, ICCU (LDC+OBC), Electric vehicle system control device (VCU)

For when thinking of buying, and maintaining my car!

Hyundai Motors' various services are prepared to assist from start to finish!

Convenient test drive service

Step 1: Make a test drive reservation (website, phone, and car coordinator)

Step 2: Fill out a consent form at the relevant driving center

Step 3: Go on a test drive

Step 4: Receive a purchase consultation (e.g. estimate, and purchase conditions)

Test drive reservation
(website)

New vehicle purchase benefits

Members of Bluemembers purchasing a new Hyundai Motor vehicle (including commercial vehicles) are eligible to earn Bluemembers points based on the purchase type/vehicle type/purchase frequency

① Individual members : Earn 50k to 750k points, depending on the vehicle type/ purchase frequency

② Corporate members : Earn 30k to 70k points, depending on the vehicle type

※ For details, please refer to the Hyundai Motor website.

Points reward guide

Smart car maintenance

1. Car Life services

- Services that can be applied for via myHyundai app: MyHyundai Car Life, EV Safety Care, Lucky Pass H, and charging discounts for EVs

Download
myHyundai

All Care Service Map

2. Warranties and services

- Warranty system in which customers can choose scope and/or duration, Bodycare, and Warranty Plus
※ Bodycare Service is complimentary to individuals and private business owners who purchase an IONIQ 6.

3. Preventative and inspection services

- To help keep your car in top shape: Blue Basic Inspection, Before Service on Wheels

4. Emergencies and maintenance services

- For an emergency or when receiving your car: SOS emergency response, on-site charging, and Home-to-Home
- For more assurance when using your car: excessive repair fee prevention program, and car support services

Tip Anyone who has a driver's license and is at least 21 years old can apply for a test drive. The driver is required to carry a presentable license in person to apply for the test drive. Use the Hyundai EV card when purchasing a new vehicle to earn additional Bluemembers points. (Refer to the Hyundai Card website for details)

Bluemembers partner companies offer diverse mobility and lifestyle/charging benefits. Don't miss out!

※ Holders of (previously issued) Bluemembers partner credit cards will continue to receive both M points and Bluemembers points.

2026 EV EVerycare

From purchasing to selling, we provide assistance in each phase of the electric car lifecycle to make sure your investment is worthwhile.

When purchasing

Benefit 1. 200,000 charging credits

Vehicle-purchasing customers are gifted 200,000 charging credits that can be used at EV charging stations.

※ Eligibility: Bluemembers customers who have purchased an IONIQ 6

※ Must apply within two months of the car's release month

※ Accepted at: any SK Electlink or SK Electlink-partnered charging station nationwide

Benefit 2. EV Body Care

Body Care, a service that provides repairs for external damage to your vehicle, is provided free of charge for one year.

※ Eligibility: Individuals or private business owners who have purchased an IONIQ 6

※ Provided benefit: exterior-related repair or parts change for up to one year after factory release or 20,000 kilometers

- This service is offered free of charge but will be canceled if an additional purchase is made via HyundaiShop.

- This service is not provided for windshields or tires.

Benefit 3. Blue Basic Inspection

Provided annually for 10 years from date of release

※ Eligibility: Bluemembers customers who have purchased an IONIQ 6

Benefit 4. Replacement with new vehicle

If a total loss occurs within two year of the car's release, funding is provided for the purchase of a new vehicle

Benefit 5. EV charging solutions

We offer a wide range of charging solutions, including on-site charging, as well as charging solutions

Benefit 6. EV Fire Safety Insurance

Coverage is provided for damage to third parties caused by an EV-related fire through the EV Fire Safety Insurance.

※ Insurance effective date: July 1, 2026.

Detailed policy terms can be found on Integrated Zero-Emission Vehicle Portal

Benefit 7. Residual value guarantee

Need to sell your vehicle? We have it covered! We guarantee the market price of a secondhand EV between two and three years old at up to 55% of the original purchase price

※ Eligible customers: Individuals and sole proprietors who have purchased an IONIQ 6

When driving

When selling

※ For further information on benefits, please refer to Hyundai Motor's website or make an inquiry to a branch or dealership.
