

STARIA Lounge/Limousine

Lounge Hybrid 9-Seater Inspiration Full Option (Gray/Rotorua Cream two-tone)

The new STARIA Lounge

Offers a new mobility experience with its distinctive design and interior space.

Experience the STARIA Lounge, crafted with premium sensibility.

Lounge 7-Seater Inspiration Full Option (Abyss Black Pearl)

Exterior

The clean design and chrome details create a futuristic and luxurious atmosphere.

Exclusive Lounge design (chrome radiator grille, bumper), LED positioning lamps

Full LED headlamps (projection)
Lounge-exclusive 18-inch alloy wheels

Lounge 7-Seater Inspiration Full Option (Gray/Rotorua Cream two-tone)

※ The infotainment system screen image may vary depending on updates.

Interior

The stable interior centered on a horizontal layout features premium materials for enhanced luxury.

Cluster (12.3-inch color LCD)
Electronic shift column

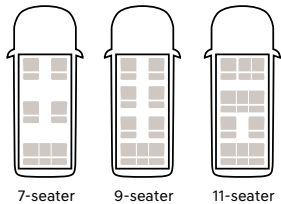

Suede interior trim (headlining, pillars, sun visors)

Lounge 7-Seater Inspiration Full Option (Gray/Rotorua Cream two-tone)

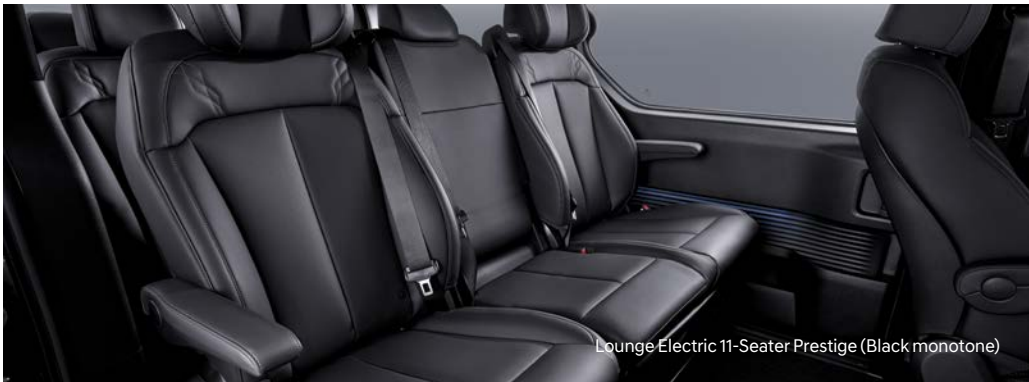

Space

The highly space-efficient seats maximize convenience, delivering a new mobility experience.

2nd-row Premium Relaxation Seats (One-touch relaxation, power reclining/cushion tilting/ 4-way leg support, wing-type headrests, walk-in switch, 7-seater)

The seat cushion, seatback, and leg support are electrically adjustable, and with just one-touch operation, they distribute the load concentrated on the hips and lower back to enhance comfort.

2nd-rowswiveling independent seats (reclining, 9-passenger)

Rotating the seats enables various seating configurations, allowing convenient use of space according to the situation.

2nd-row multi-split seats (console-type center folding seat, wing-type headrests, reclining, 11-seater)

When the 2nd-row centre seat is folded down, the cup holders and storage compartments remain accessible and the side seats can be used independently.

Limousine Electric 6-Seater Inspiration Full Option (Antibes Green Monotone)

The new STARIA Limousine

Thanks to its sophisticated design, the STARIA offers more than just a ride.
Every moment spent inside delivers the perfect limousine experience.

Exterior

A refined and sophisticated design is achieved with gold metallic accents and black color highlights.

Limousine-exclusive design (bumper), black emblem

Limousine-exclusive design (gold metallic garnish (front/rear/side sills))
Limousine-exclusive 17-inch black alloy wheels

Limousine Electric 6-Seater Inspiration Full Option (Robust Emerald Pearl)

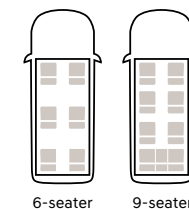

2nd-Row Executive Seats A combination of premium materials, an ergonomic design and a variety of features creates an elevated relaxation space for second-row passengers.

Limousine Electric 6-Seater Inspiration Full Option (Antibes Green Monotone)

Space

A luxurious and emotive interior space, perfectly designed for both business and relaxation.

※ The 2nd-row Executive Seats are available only on the 6-seater limousine model.

Semi-Aniline Leather

Made from the finest single-piece leather with minimal processing and coating to preserve the natural softness and texture of genuine leather. This premium leather has a natural, subtle grain. The second-row Executive Seats are crafted from semi-aniline leather to provide a comfortable seating experience. The natural wear and patina that develop over time are inherent characteristics of the leather, adding depth and sophistication with age.

One-Touch Relaxation / Air Contour Body Care / Posture Memory System

With one-touch operation, the seat angle is optimized to evenly distribute pressure across the body. Five* massage modes utilizing 14 air cells help reduce fatigue during long-distance travel and provide a peaceful rest. Additionally, a posture memory system that saves your preferred settings enhances convenience. *Full Body (Left/Right), Full Body (Up/Down), Full Body (Circulation), Upper Body, Lower Body

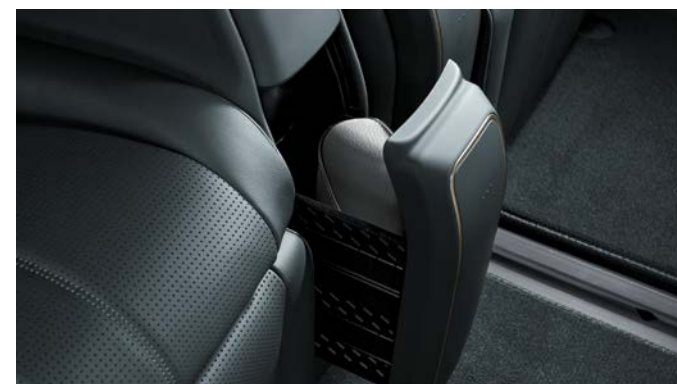

※ The 2nd-row Executive Seats are available only on the 6-seater limousine model.

14-Way Power Seat (Power Reclining/Sliding/Relaxation Tilting/Leg Support/Neck Support Headrest)

It allows for precise adjustment of seat position and angle to provide a comfortable seating position tailored to your body type. The 14-way seat adjustment, controlled by a switch located on the outer armrest, ensures optimal comfort even while on the move. Additionally, the heated function, which extends from the armrest to the leg support, offers an even more relaxing experience.

※ The 2nd-row Executive Seats are available only on the 6-seater limousine model.

Tower-style armrest (Folding table/table mirror/wireless charging/100W USB-C port/cup holder/storage compartment)

The manual table, which includes a flip-up mirror, is located on the inner armrest and provides highly versatile storage space. With a cup holder and storage compartment, it offers a convenient user experience.

Limousine Package

Exclusive limousine specifications that elevate the sophistication of the private space, delivering a truly distinctive experience.

Panoramic Sky Roof

The mood lamps on the ceiling, resembling gentle ripples on water, provide a deep sense of immersion and tranquility under soft lighting when the seats are reclined, creating a private and intimate interior atmosphere.

Suede Neck Pillow & Seat Cushions, Blanket

The ergonomically designed neck pillows and seat cushions provide comfortable support to reduce fatigue, while the luxurious blanket adds an extra layer of comfort. * Exclusive to 2nd-row Executive Seats

17.3-inch Roof-Mounted Rear Entertainment System

With high-definition video and rich sound, it provides an immersive experience akin to a private cinema, allowing you to enjoy a variety of content vividly.

*Hybrid

* Electric

Rear Electric Side Step (Right Side)

It operates automatically from the lower part of the vehicle in conjunction with the power sliding door. The wide, slip-resistant step surface provides stable support, and the optimized height facilitates comfortable entry and exit. * Exclusive to hybrid models

Rear Sliding Door Spot Lamps (Both Sides)

The lighting at the bottom of the vehicle doors illuminates the area around your feet even in dark environments, helping to ensure safe entry and exit.

Twilight Horizon Two-tone

The horizontal color division adds depth and creates a distinctive presence.

The harmony of two distinct colors sharply defines the body's silhouette and creates a luxurious atmosphere.

* Available in two two-tone combinations: Abyss Black Pearl/
Cast Iron Brown Pearl and Abyss Black Pearl/Robust Emerald Pearl

Limousine Hybrid 6-Seater Inspiration Full Option (Abyss Black Pearl/Cast Iron Brown Pearl Two-Tone)

Electric

Expand the boundaries of your daily life and enhance your lifestyle with advanced electric-based convenience and systems.

Lounge Electric 7-Seater Inspiration Full Option (Cast Iron Brown Pearl)

It offers the pleasure of a quiet drive while on the road and the convenience of unrestricted power usage when parked.

Outdoor V2L

The V2L function allows you to use various electronic devices outside the vehicle, providing a convenient experience in a variety of outdoor settings.

*Front and rear cannot be used simultaneously

Indoor V2L

Various electronic devices can be used inside the vehicle through the V2L function.

* Front

* Rear

Front Charging Door (Ultra-Fast/Standard, with Heated Function)/Rear Charging Door (Standard)

With front and rear charging ports, you can charge conveniently in various environments, and the indicator lets you check the charging status at a glance.

*Front and rear charging cannot be used simultaneously

Max. Torque

※ The above battery charging time is based on our laboratory test results measured at room temperature and may vary depending on battery temperature, charging power, battery deterioration, outside temperature, etc. The above driving range is based on the standard mode based on the figures certified by the Ministry of Trade, Industry and Energy, and may vary depending on road conditions, driving method, vehicle load, maintenance status, and outside temperature.

※ When the temperature drops, such as in winter, battery performance may decrease, which may increase the actual charging time or decrease the actual driving range.

Lounge Hybrid 7-Seater Inspiration Full Option (Cast Iron Brown Pearl)

e-Motion Drive (e-Comfort Drive + e-Dynamic Drive)
A Hybrid -exclusive system that delivers superior ride comfort and handling feel through various control technologies, including electrified motors.

• e-Comfort Drive

e-Ride Gen1
It minimizes vehicle shake when crossing speed bumps by controlling the motor, delivering a comfortable and stable ride.

• e-Dynamic Drive

e-Handling
Controls drive torque to maintain optimal tire traction during turns, enhancing cornering response and stability.

e-EHA
Maximizes evasion performance by controlling drive motors during forward obstacle encounters and driver evasive steering maneuvers.

e-Traction
Enhances vehicle grip and cornering stability during sharp cornering by controlling the motor.

Hybrid

The new STARIA Lounge Hybrid delivers superior driving performance and a more premium mobility experience through its dedicated system.

Traffic Jam Control

Utilizes navigation road information (automobile-only roads) to minimize unnecessary engine starts during repeated acceleration and deceleration in low-speed traffic jams, improving ride comfort.

Hybrid-Specific Content

Provides a smart driving experience through Hybrid-specific screens displaying fuel efficiency, energy flow, and ECO driving information.

Function

An expanded range of convenience features provides optimal comfort for both driver and passengers.

12.3-inch navigation (BlueLink, phone projection, Bluetooth hands-free, in-car payment, e hi-pass)

Featuring a large 12.3-inch high-resolution wide LCD screen for enhanced usability, it delivers a smart mobility experience with a customer-friendly interface and features like voice recognition.

Wireless Software Update (OTA Software Update)

When the latest software version is available for update, the system performs the wireless software update after engine start, during parking, or after engine shutdown, with user approval.

BOSE Premium Sound (12 speakers, external amplifier)

Enjoy rich sound with the BOSE Premium Sound System featuring 12 speakers.

Digital Key 2

You can lock/unlock doors and start the engine using an iPhone, Apple Watch, or Android-based smartphone (e.g., Samsung smartphone). You can share access permissions with up to 15 devices.

* For a detailed list of supported models, please refer to the Hyundai Motor Company website.

Built-in Cam 2 Plus

Records high-resolution front and rear vehicle footage, automatically recording when motion is detected while parked. Sends parking impact alerts and footage via BlueLink and provides Built-in Cam status information.

Smart Power Tailgate

When approaching the vehicle with the Smart Key or Digital Key 2, the tailgate automatically opens without any additional operation. When moving away from the vehicle, the tailgate automatically closes.

Smart Power Sliding Door

When you hold the smart key or Digital Key 2 and wait near the door for a certain period, the sliding door will open automatically without any additional operation.

Blind-spot View Monitor

Operating the turn signal switch displays the rear side view for that direction on the cluster.

100W USB Type C Terminal

Quickly charge various electronic devices including high-performance laptops and tablets. *Up to 100W when using the 100W charging cable provided or a cable that meets USB-IF certification standards.

Smart Individual Climate Control

The system detects the presence of the driver's and front passenger's seat occupants. If the front passenger seat is unoccupied, airflow is concentrated on the driver to improve energy efficiency. *Exclusive to electric models

※ Advanced Driver Assistance Systems are designed to assist the driver's operation; always drive with full attention.
 ※ Functionality may not operate smoothly or at all depending on the surrounding environment and driving conditions. Additionally, functionality may be limited due to legal restrictions related to Advanced Driver Assistance System certification. Refer to the owner's manual for details.
 ※ The above specification configuration varies depending on the trim, powertrain, and specifications selected directly by the vehicle purchaser based on price and preferences.
 ※ Images of the infotainment system screen may vary depending on updates.

Driving

It delivers optimized driving performance with stable handling and a comfortable ride.

Crosswind Stability Control
Actively controls lane departure caused by strong crosswinds to maintain driving direction and ensure driving stability.

Steering Wheel Grip Detection
Enhances the safety of advanced driver-assistance systems. Detects grip by measuring the electrical current flowing when a hand touches the steering wheel surface *Exclusive to electric vehicles

Rear Multi-Link Suspension
It enhances road contact, disperses impact, and minimizes vibrations transmitted to the body. This delivers a comfortable ride during everyday driving and provides stable body dynamics during sporty driving.

※ For detailed fuel efficiency information by specification, please refer to the specifications page in the catalog.

Safety

Enjoy safe driving with advanced safety systems that protect everyone, even during boarding and disembarking.

※ The images below are staged for illustrative purposes. Some images include STARIA models other than the STARIA Lounge.

Safe Exit Assist

When a vehicle approaching from the rear side is detected while the vehicle is stationary, the power sliding door remains closed, and a warning is issued when any door is opened.

Pedal Misapplication Safety Assist

When starting from a stop with obstacles close by in front or behind, if the driver mistakenly presses the accelerator pedal instead of the brake pedal, it mitigates collision damage by limiting acceleration and applying emergency braking. * Exclusive to electric vehicles

Advanced Rear Seat Occupant Alert

Detects movement of passengers remaining in the rear seats and alerts the driver, helping prevent accidents caused by inattention.

Hyundai SmartSense

Hyundai SmartSense protects both the driver and passengers.

※ The images below are for illustrative purposes to aid customer understanding. Some images include STARIA models other than the STARIA Lounge.

Forward Collision-Avoidance Assist (Vehicle/Pedestrian/Cyclist/Oncoming Vehicle at Intersection/Head-on Collision)

It warns or automatically assists with braking when there is a risk of collision with a vehicle, motorcycle, pedestrian, or bicycle rider ahead. It also automatically assists with braking when there is a risk of collision with an oncoming vehicle while turning left at an intersection or driving straight ahead.

Blind-Spot Collision Warning (Driving), Blind-Spot Collision Avoidance Assist (Forward Exit)

A warning is issued if risk of collision with a vehicle approaching from rear-side is detected while changing lanes. Additionally, assists in automatic braking when risk of collision increases with a vehicle approaching from rear-side while forward-exiting from a parallel-parked position.

Intelligent Speed Limit Assist

The front camera recognizes traffic sign information and identifies speed limit data from the navigation system. It alerts the driver if the vehicle exceeds the posted speed limit and assists in maintaining compliance with the speed limit.

※ The images below are staged for customer understanding and may include STARIA models other than the STARIA Lounge.

Navigation-Based Smart Cruise Control (Safety Zones/Curved Roads)

Assists in maintaining a safe speed according to road conditions when driving on highways and motorways. It automatically reduces speed before entering safety zones and curved sections, then returns to the original set speed after passing through these areas.

Lane Departure Prevention Assist / Lane Keeping Assist / Lane Keeping Assist 2*

If you drift out of your lane without signaling while driving at or above a certain speed, the system issues a warning and automatically assists with steering to prevent you from leaving the lane just before you cross the lane markings. When Lane Keeping Assist is activated, it helps you drive while maintaining the center of the lane.

*Lane Keeping Assist 2 is exclusive to electric models

Rear Cross-Traffic Collision Avoidance Assist

When reversing, it detects the risk of collision with vehicles approaching from the left or right, issues a warning, and if the collision risk remains high after the warning, it assists with braking.

Maintain a constant speed to drive more efficiently.
-The above fuel economy was calculated based on standard driving conditions. Actual fuel efficiency may vary depending on road conditions, driving styles, cargo weight, maintenance conditions, and outside temperatures. -Some of the photographed vehicles in this brochure depict optional features for illustrative purposes and may differ from the actual vehicles.
-The features, colors, and specifications stated in this brochure are subject to change based on improvements in the vehicle's exterior or performance. -The above engine performance data is based on the net value, which is a legal requirement applied by the Ministry of Land, Infrastructure and Transport from 1997 onwards. To produce the data, an advanced measurement method that takes into account the resistance of vehicle emissions was used. This method may generate results slightly lower than those generated by existing methods based on the gross value. -The leather upholstery partially consists of synthetic leather. -The vehicle colors printed in this brochure may differ from the actual colors. -Hyundai Motor vehicles are sold at prices uniformly applied for the same products everywhere across the country to promote fair business practices.
-Use of engine oil or fuel that is of low quality may result in damage to the vehicle. -Please refer to the owner's manual for details about new technologies and features stated in this brochure.

The images presented here are intended to inform customers and display the best models and options. The specifications described above vary by option, package, powertrain, and exterior color. For specification details by model, please refer to the monthly price table.

How to purchase an electric car

① Sign a car sales contract

- Car contract

② Apply for subsidy

- Fill out electric car subsidy application for the local government of jurisdiction
- Submit application
- Receive results

③ Car allocation, car release

- Check is made on eligibility for and amount of electric car subsidy(from local government of jurisdiction) by 10 days before car allocation
- Car will be released if there are no outstanding issues

④ Apply for payment of subsidy

- Application process for payment (wire transfer) of subsidy to the local government of jurisdiction must be completed within 10 days of the car's release
- Once subsidy is confirmed to have been wire-transferred to Hyundai Motor, subsidy amount is subtracted from price that needs to be paid by customer

STARIA Lounge/Limousine Electric Warranty information

- **Warranty period for separately-insured electric car parts** : 10 years, 160,000km
※ High voltage battery: 10 years, 200,000km
- **Related parts** : Drive motor, Reducer, High voltage battery, Inverter, ICCU (LDC+OBC), Electric vehicle system control device (VCU)

For when thinking of buying, and maintaining my car!

Hyundai Motors' various services are prepared to assist from start to finish!

Convenient test drive service

Step 1: Make a test drive reservation (website, phone, and car coordinator)

Step 2: Fill out a consent form at the relevant driving center

Step 3: Go on a test drive

Step 4: Receive a purchase consultation (e.g. estimate, and purchase conditions)

Test drive reservation
(website)

New vehicle purchase benefits

Members of Bluemembers purchasing a new Hyundai Motor vehicle (including commercial vehicles) are eligible to earn Bluemembers points based on the purchase type/vehicle model/purchase frequency

① **Individual members** : Earn 50k to 750k points, depending on the vehicle model/purchase frequency

② **Corporate members** : Earn 30k to 70k points, depending on the vehicle model

※ For details, please refer to the Hyundai Motor website.

Tip Anyone who has a driver's license and is at least 21 years old can apply for a test drive.

The driver is required to carry a presentable license in person to apply for the test drive.

Use the Hyundai EV card when purchasing a new vehicle to earn additional Bluemembers points.

(Refer to the Hyundai Card website for details)

Bluemembers partner companies offer diverse mobility and lifestyle/charging benefits. Don't miss out!

※ Holders of (previously issued) Bluemembers partner credit cards will continue to receive both

M points and Bluemembers points.

2026 EV EveryCare

we provide assistance in each phase of the electric car lifecycle to make sure your investment is worthwhile.

When purchasing

Benefit 1. EV Purchase Benefits (Choose 1)

Choose one of the two selections below that best fits your lifestyle

① 200,000 won in charging credits free of charge

- Recommended for customers living in apartment complexes and using shared chargers

② Home Charger Installation Support

- Recommended for customers living in single-family homes with a dedicated parking space (installation fees and KEPCO deposit not included)

※ Eligible Customers: STARIA Electric Factory Customers

- Corporate employees and employees of companies using rental/leasing services must register the actual driver (contact a Hyundai Motor branch or dealership)

- Benefits are not available to used car buyers

(including customers taking over a lease or rental contract)

※ How to Apply: My Hyundai App > Services > EV Purchase Benefits

※ Application Period: Within 2 months of the vehicle delivery

Benefit 2. Blue Peace of Mind Check

Blue Peace of Mind checkup, once a year for 10 years

※ Eligibility: STARIA Electric factory customers

Benefit 3. Replacement with new vehicle

Minimize the customer's financial damage and eliminate concern about car lease in the event of a car accident. If a total loss occurs within two year of the car's release, funding is provided for the purchase of a new vehicle

Benefit 4. EV charging solutions

We offer a wide range of charging solutions, including on-site charging, as well as charging solutions

Benefit 5. Electric Vehicle Fire Safety Insurance

In the event of damage to others caused by an electric vehicle fire, coverage is provided through the Electric Vehicle Fire Safety Insurance.

※ Effective Date: July 1, 2026. Detailed terms and conditions can be found on the Zero-Emission Vehicle Integrated Website.
