

TUCSON

Inspiration (Amazon Gray Metallic)

STAY.

Inspiration (Gray)

Make your TUCSON a special space.
The longer you stay in it, the brighter the value of the TUCSON will shine.

Inspiration (Gray)

Design

The TUCSON, which stands out in any location, is the first SUV that has achieved the “Sensuous Sportiness” style with perfection.

Front design / MFR LED headlamps (with hidden Daytime Running Lights)

Inspiration (Amazon Gray Metallic)

Chrome DLO molding

19-inch alloy wheels

Rear design

Space

The new TUCSON is even more spacious than before thanks to its revolutionary design.

Inspiration (Gray)

* The screen layout/design of the infotainment system may change with the regular updates.

2nd row fold-and-dive

The 2nd row seats offer a fold and dive function with a generous operating angle, meaning the cabin can be configured for maximum luggage space, or as a private space that can be used in a number of different ways.

* Not available on the Hybrid.

Convenience

Control your vehicle more easily with improved safety and convenience features.

10.25-inch navigation system (Bluelink, phone projection, Bluetooth hands-free, Hyundai CarPay)

You can easily control the vehicle with the full touch center fascia.

The TUCSON is equipped with several driver-friendly functions, including a high-resolution display, voice recognition vehicle control, and Over-The-Air navigation updates.

10.25-inch color LCD cluster

The open type, color LCD cluster increases the openness of the TUCSON.

* The screen layout/design of the infotainment system may change with the regular updates.

Dual-zone full automatic air conditioning (with auto defog system, fine dust sensor, air cleaning mode, multi-air mode, and after-blow function)

When the air conditioning is turned on, the touch screen displays the level of fine dust found in the cabin in real time. If the system detects the level is too high, the air cleaning mode is automatically activated to make the cabin fresh and pleasant as quickly as possible. The After-Blow system activates a fan for a pre-determined period of time after the engine is turned off to dry any remaining condensation and reduce unpleasant odors.

* After-blow is not available on the Hybrid.
 * The screen layout/design of the infotainment system may change with the regular updates.

Blind-spot View Monitor

When using the turn signal, the camera installed at the base of the outside mirror displays videos of the left/right posterolateral views on the cluster screen.

Built-in cam (including supplemental battery)

The video-capture devices, which are embedded in the front and rear of the car and feature high-resolution cameras, are connected to the infotainment system, enabling the user to easily save and play high-resolution videos.

Hyundai Digital key

Hyundai Digital key

Users can use a smartphone to open the door and turn on the ignition, even if they're outside of the vehicle. These services are individualized if multiple drivers share the car.

* Digital key NFC can only be used via smart phones programmed with this function.
For compatible smart phone models, please refer to the Hyundai Motor website.

* The screen layout/design of the infotainment system may change with the regular updates.

Hyundai CarPay

Hyundai CarPay

The driver can use the navigation screen to make payments from inside the vehicle through a credit card pre-registered to a TUCSON-exclusive mobile app, without needing cash or a physical credit card, at Hyundai Motor partner stores. This function makes the driver's daily routine significantly more convenient.

Remote Smart Parking Assist

Moves the car into or out of a parking space when the driver is outside the vehicle (remotely).

Intelligent speed limit assist

Uses road sign and navigation data to convey speed limit information to the driver, preventing him/her from exceeding the speed limit.

Vibration warning steering wheel

Provides a warning to the driver by vibrating the steering wheel when necessary (e.g. risk of collision with vehicle in front, lane deviation).

Surround View Monitor

Shows surroundings via navigation screen for safe parking.

Car monitoring system

See your vehicle's immediate surroundings via smartphone.

* The screen layout/design of the infotainment system may change with the regular updates.

Hyundai SmartSense

Hyundai's SmartSense keeps the driver and passengers protected at all times.

Forward Collision-avoidance Assist

By analyzing data from the front-facing camera and the on-board radar, the TUCSON detects if a collision with an oncoming car, pedestrian, or cyclist is imminent while making a left turn at an intersection. It warns the driver if it senses danger, and it automatically applies the brakes if needed.

Safe Exit Warning

If a vehicle approaching from the back is detected after the car is parked and the passengers are opening doors to get out, a warning is issued.

Blind-spot Collision-avoidance Assist

The TUCSON emits an audible warning if it detects a collision with another vehicle (traveling either next to the SUV or behind it) is imminent after the driver engages the turn signal to change lanes. It automatically acts to prevent the collision if necessary.

Lane Following Assist

The front-facing camera measures the dimensions of the TUCSON's lane, which allows the SUV to keep itself in the middle of its lane by automatically making steering inputs.

* The Advanced Driver Assistance System (ADAS) is a group of functions that help the driver operate the vehicle more safely. Please make sure to drive carefully.

* Depending on the environment and driving conditions, the given function may not operate properly. Please refer to the manual for details.

* The above specifications are applied differently depending on the trim, powertrain, and options.

Highway Driving Assist

This function helps the driver maintain an appropriate distance with the car in front on a highway, or on any other type of vehicle-only road, and it lets users stay in the center of their lane, even on a winding road. It holds the speed set by the driver.

* The screen layout/design of the infotainment system may change with the regular updates.

Rear Cross-Traffic Collision-Avoidance Assist

The TUCSON emits an audible warning if it detects a collision with an approaching vehicle (coming from either direction) is imminent while backing up.

Rear Occupant Alert

It automatically detects whether there are people in the 2nd row. After the driver turns off the ignition and opens the driver's-side door, an alarm sounds to remind him or her to check the 2nd row for passengers.

Performance

An even more dynamic driving experience.

Inspiration (Amazon Gray Metallic)

HTRAC (Multi Terrain Control)

This function actively distributes traction over the front and rear wheels according to the driving environment. The driver can choose from diverse drive modes based on road conditions. (SNOW / MUD / SAND)

※ Applies to diesel/hybrid options.

Smartstream Diesel 2.0 engine

184 Max. Power

Rear skid plate

Side door garnish / Quarter garnish & reflector / Adventure-exclusive side step (optional)

Wheel arch garnish / 19-inch exclusive alloy wheels & michelin tires

Inspiration Adventure (Amazon Gray Metallic)

Hybrid

A next-generation SUV with improved fuel efficiency.

Combined fuel economy: 16.2km/ℓ (6-speed A/T/2WD, without built-in cam)

Hybrid Inspiration (Shimmering Silver Metallic / 19-inch alloy wheels applied)

Hybrid system

1. Regenerative braking system

When the vehicle slows down, the regenerative braking system converts the car's kinetic energy into electric energy and uses that to recharge the battery, improving the vehicle's overall energy efficiency.

2. Hybrid high-voltage lithium-ion battery

The lithium-ion battery and high-voltage battery (mounted under the 2nd row seats) both makes the vehicle more durable and without compromising trunk space.

3. High-efficiency, permanent-magnet electric motor

The high-efficiency motor assists the Gasoline engine and is capable of taking the vehicle to speeds of up to 120 km/h in electric vehicle (EV) mode.

N Line

Featuring a spacious interior and dynamic-looking N Line-exclusive design, the TUCSON N Line can be equipped with any powertrain.

Maintain a constant speed to drive more efficiently.

-The fuel economy described above is based on the standard model and may differ during actual driving depending on road conditions, driving technique, cargo load, vehicle maintenance, and outdoor temperature. -Some of the images presented here include optional specifications, so their appearance may differ from the car you purchase. -The specifications, colors, and sources presented here may be modified to improve vehicle exterior and performance. -The engine performance described above is the "Net Number," a new measure reflecting exhaust resistance that complies with legislation enforced by Korea's Ministry of Land and Transport since 1997. It can be marginally lower than "Gross Output Number," the previous measurement. -Leather seats include some synthetic leather. -Vehicle colors presented here may differ from actual appearance. -The specifications listed in this brochure may change depending on the model, and they may apply to a car fitted with optional equipment. Please refer to the appropriate price chart for additional information. -Hyundai Motor Company is committed to fair trade practices, with the same price and quality of vehicles nationwide. -Use of engine oil or fuel that is of low quality may result in damage to the vehicle. -For more information about the new technologies and specifications described in this brochure, please refer to a user's manual.

TUCSON Hybrid Warranties

Warranty for Hybrid parts

10-year/200,000-kilometer warranty
- Electric motor, Hybrid high-voltage battery
HPCU (Hybrid Power Control Unit)

Guaranteed vehicle trade-in rate program

Customers may choose to apply for this program upon purchasing a vehicle. It focuses on customer satisfaction by providing a high guaranteed vehicle trade-in rate for customers who purchase another vehicle from Hyundai Motor within three years of applying for program membership.

- Eligibility: first-time purchasing customers (does not apply to: Hyundai Motor employees, customers who are not first-time purchasers, entrepreneurs, procurement-related purchasers, etc.)
- Standard guaranteed trade-in rate: under one year: 77%, under two years: 70%, under three years: 64%

※ The benefits offered through the warranties above may be subject to change.

※ Contact a branch or dealership for details.

The advanced technology of Hyundai's Bluelink system helps keep both the driver and the vehicle safe in any situation. Bluelink is always there to keep you safe, regardless of the location or time of day. Experience the unique joy of safe and comfortable driving.

Remote control

In the extremely hot summer or cold winter months, you can link your smartphone to the air conditioner or heater to set and control the temperature inside the vehicle. Enjoy a pleasant driving experience with Bluelink.

Safety security

The Bluelink Center works 24 hours a day, 365 days a year. If an airbag opens due to an accident, the Center automatically detects your location and takes appropriate actions according to the situation, such as contacting the police, ambulance, insurance company, etc.

Vehicle management

Services include real-time trouble detection while the vehicle is running and regular vehicle inspections on pre-arranged dates. In the event of vehicle trouble, immediate professional consulting is available, and you may conveniently make reservations for repair at the time and location of your choice.

Navigation

This function enables the driver to conveniently search for destinations through voice command and suggests optimum routes based on an independent analysis of real-time traffic information. The driver can search a database of up-to-date information to find even newly created destinations.

*Free of charge for 5 years for first-time Bluelink members after vehicle purchase. Light Service (emergency call, airbag deployment notification, monthly report, traffic data, etc.) is provided free of charge for additional five years.

*Certain functions (Digital Key 2, Hyundai CarPay, OTA (Over-The-Air) software updates, and wireless navigation system updates) are provided only to Bluelink members. Provided functions may vary by model.

*Over-The-Air software update is available during the Light Service period, and the features available may vary by model. *Inquiries: Bluelink Kakao Talk Customer Service Center (enter 'Bluelink' in Kakao Talk search screen and add as friend)
