HYUNDAI

i30

Always in Motion.

New rules to drive!

New Standard for the Optimal Driving Experience!
i30 is designed to propel forward all those who strive to create their own values instead of conforming to existing conventions, who know how to enjoy the present instead of clinging to the past, and who remain dedicated to making each moment memorable.

Maintain a constant speed to drive more efficiently.

-The fuel economy described above is based on the standard model and may differ during actual driving depending on road conditions, driving technique, cargo load, vehicle maintenance, and outdoor temperature. -Some of the images presented here include optional specifications, so their appearance may differ from the car you purchase. -The specifications, colors, and sources presented here may be modified to improve vehicle exterior and performance. -The engine performance described above is the "Net Number," a new measure reflecting exhaust resistance that complies with legislation enforced by Korea's Ministry of Land and Transport since 1997. It can be marginally lower than "Gross Output Number," the previous measurement. -Leather seats include some synthetic leather. -Vehicle colors presented here may differ from actual appearance. -Some specifications may not apply to rental cars. See the corresponding month's price list for more details. -All of the measurements in this brochure apply to the gasoline- and diesel-powered models. Therefore, the specifications and the features of the LPI-powered models might differ. -Hyundai Motor Company sells cars only through its branches and designated dealers. Hyundai Motor Company is committed to fair trade practices, with the same price and quality of vehicles nationwide. -Use of non-genuine parts (such as engine oil and transmission oil) or poor quality fuel may severely damage the vehicle. -For more information about the new technologies and specifications described in this brochure, please refer to a user's manual.

The images presented here are intended to inform customers and display the best models and options.
The specifications described above vary by option, package, powertrain, and exterior color. For specification details by model, please refer to the monthly price table.

BlueLink The advanced technology of Hyundai's BlueLink system helps keep both the driver and the vehicle safe in any situation.
BlueLink is always there to keep you safe, regardless of the location or time of day. Experience the unique joy of safe and comfortable driving.

Remote control

In the extremely hot summer or cold winter months, you can link your smartphone to the air conditioner or heater to set and control the temperature inside the vehicle. Enjoy a pleasant driving experience with BlueLink.

Safety security

The BlueLink Center works 24 hours a day, 365 days a year. If an airbag opens due to an accident, the Center automatically detects your location and takes appropriate actions according to the situation, such as contacting the police, ambulance, insurance company, etc.

Vehicle management

Services include real-time trouble detection while the vehicle is running and regular vehicle inspections on pre-arranged dates. In the event of vehicle trouble, immediate professional consulting is available, and you may conveniently make reservations for repair at the time and location of your choice.

Navigation

Best routes suggestions based on live analysis of the road network. If the navigation system is unable to find a particular destination, it will automatically connect to the Internet and search for related information.

Concierge (paid service)

Fumbling with the navigation device while driving can be risky. With BlueLink, all you have to do is just push the BlueLink button and ask the operator for your destination. Then the destination is automatically set up, and you can continue to enjoy a safer and more convenient driving experience.

* Basic service(free for 5 years from initial subscription): remote control, safety security, vehicle management, navigation.
* When the free basic service period ends, customers are switched, with their consent, to the charged service (KRW9,900/month).
* Remote engine start and remote air conditioning not available on manual transmission models.
