

VELOSTER N

Make each drive memorable.
Turn your everyday commuting route into your very own circuit.
Indulge your senses with the dynamic performance and bold style
of VELOSTER N - the model's first N line.

**Spin out of your daily routine and
race back to the rally**

VELOSTER N

*"We measure high-performance in BPM,
instead of only RPM."*

ALBERT BIERMANN
President of Vehicle Performance
at Hyundai Motor Company

VELOSTER N with Full Option in Performance Blue(wide sunroof not included)

VELOSTER N with Full Option in Chalk White

Style

Highlight your presence with VELOSTER N's spectacular design elements.
Turn every head on your way.

The body is designed to reduce aerodynamic drag and optimize performance.

Wide-type radiator grille and air curtains
The glossy black, wide radiator grille adds a sporty feel and enhances the air conditioning function, while the wing-shaped, external air curtains improve the aerodynamics.

Rear diffuser mounted with large-sized air fins
The rear diffuser mounted with four large-sized air fins ensures the improved aerodynamics and conveys a sporty image.

19-inch alloy wheels and side seals
The VELOSTER N-exclusive wheels and red calipers complete the sleek exterior, and the side seals accentuated with the red color add to the bold style.

Wing-type rear spoiler
The wing-type rear spoiler elevates the aerodynamics of this high-performance hatch to new heights, and a high-mounted brake light is installed at the center of the rear spoiler to ensure safe driving.

Space

Each and every corner of VELOSTER N stimulates the driver's desire to dash and race. Feel the thrill of being part of a rally race when gripping the steering wheel.

VELOSTER N with Full Option in Black/blue interior

Explore the cutting-edge interior of
VELOSTER N that matches its powerful performance.

N-exclusive 6-speed manual transmitter and rev matching system
The rev matching system that synchronizes RPM during speed shifting works to minimize any possible shock from speed shifting and provides dynamic transmission.

Sport steering wheel
The comfortable grip of the steering wheel ensures dynamic driving with precision. Driving modes can be changed without taking your hands off the steering wheel.

N Grin Control System
The N Grin Control System adjusts powertrain and chassis settings based on driving preferences and road conditions and measures output, torque, and acceleration of gravity in real time.

4.2-inch supervision cluster
The supervision cluster applied with the N logo adds to the fun driving experience and informs the driver of the exact timing for shifting.

Performance

**2.0 T-GDi
Engine**

275_{PS}

The VELOSTER N-exclusive
high-performance 2.0 T-GDi engine enables
you to enjoy a breathtaking race.
(250PS when Performance Package is not applied)

VELOSTER N is equipped with a series of special features to achieve optimized driving performance.

Electronically Controlled Suspension (ECS)
ECS controls the damping force of each wheel's shock absorber in accordance with different running conditions and improves the vehicle's running stability and riding comfort at all times.

Dual Compound Bush (DCB)
Different types of rubber are used for the suspension bushes that connect the suspension system and car body horizontally and vertically to ensure maneuverability and reduce noise and vibration.

Pirelli P Zero tires
Pirelli's high-performance P Zero tires are applied to realize N's powerful performance.

Variable Exhaust Valve
The exhaust sound is adjusted from quiet to powerful using the specially designed exhaust pipe and electronic variable valve.

N Corner Carving Differential
Driving force is electronically controlled and distributed to the right and left wheels to ensure secure acceleration without slipping when cornering.

N-exclusive large-capacity high-performance brakes and calipers applied with the N logo
Stopping well is just as important as driving well in a high-performance vehicle. VELOSTER N's large-capacity high-performance brakes provide the highest level of stability during the most dynamic drive.

01

N Grin Control System
The diverse driving modes from Eco to Normal, Sports, N, and Custom allow the driver to optimize the performance of the vehicle in accordance with different driving needs.

02

N Power Sense Axles
VELOSTER N's strong front and rear axles effectively deliver the engine power to the wheels and allow the driver to maneuver the vehicle with precision under any circumstances.

03

N Corner Carving Differential
VELOSTER N's electronic control device realizes agile, dynamic maneuvering when cornering.

Please adhere to the designated speeds on the road for maximum fuel efficiency.
- The above fuel economy was calculated based on standard driving conditions. Actual fuel efficiency may vary depending on road conditions, driving styles, cargo weight, maintenance conditions, and outside temperatures. - Some of the photographed vehicles in this brochure depict optional features for illustrative purposes and may differ from the actual vehicles. - The features, colors, and specifications stated in this brochure are subject to change based on improvements in the vehicle's exterior or performance. - The above engine performance data is based on the net value, which is a legal requirement applied by the Ministry of Land, Infrastructure and Transport from 1997 onwards. To produce the data, an advanced measurement method that takes into account the resistance of vehicle emissions was used. This method may generate results slightly lower than those generated by existing methods based on the gross value. - The leather upholstery partially consists of synthetic leather. - The vehicle colors printed in this brochure may differ from the actual colors. - The specifications of the rental vehicles may be partly different from those of other models. For detailed specifications, please check the price list catalogue for the relevant month. - The information in this brochure is based on the gasoline models, and the specifications may be partly different from those of the LPI models. - N-exclusive high-performance brakes can be noisy due to their performance characteristics, which is normal.
- Hyundai Motor vehicles are sold by Car Masters of Hyundai Motor Company's branches and dealers only at prices uniformly applied everywhere across the country to promote fair business practices. - The failure to use authentic parts and oil products (including engine oil and transmission fluid) recommended by Hyundai Motor Company and/or the use of defective fuel may critically damage your vehicle. - Please refer to the owner's manual for details about new technologies and features stated in this brochure.

The images presented here are intended to inform customers and display the best models and options. The specifications described above vary by option, package, powertrain, and exterior color. For specification details by model, please refer to the monthly price table.

The advanced technology of Hyundai's BlueLink system helps keep both the driver and the vehicle safe in any situation. BlueLink is always there to keep you safe, regardless of the location or time of day. Experience the unique joy of safe and comfortable driving.

Safety security

The BlueLink Center works 24 hours a day, 365 days a year. If an airbag opens due to an accident, the Center automatically detects your location and takes appropriate actions according to the situation, such as contacting the police, ambulance, insurance company, etc.

Vehicle management

Services include real-time trouble detection while the vehicle is running and regular vehicle inspections on pre-arranged dates. In the event of vehicle trouble, immediate professional consulting is available, and you may conveniently make reservations for repair at the time and location of your choice.

Navigation

Best routes suggestions based on live analysis of the road network. If the navigation system is unable to find a particular destination, it will automatically connect to the Internet and search for related information.

Concierge (paid service)

Fumbling with the navigation device while driving can be risky. With BlueLink, all you have to do is just push the BlueLink button and ask the operator for your destination. Then the destination is automatically set up, and you can continue to enjoy a safer and more convenient driving experience.

※ Terrestrial DMB can be viewed in standard (320X240) and high (1,280X720) display resolution, however reception may not be possible due to transmission circumstances, DMB broadcasting regulations, or changes in the means of transmission used by DMB providers.

※ Basic service(free for 5 years from initial subscription): remote control, safety security, vehicle management, navigation. ※ When the free basic service period ends, customers are switched, with their consent, to the charged service(KRW11,000/month).
