SPECIFICATIONS

Dimensions			
Leg room (mm)	Front / Rear	1,062 (1,112) / 846 (780)	
Head room (mm)	Front / Rear	1,014 / 959	
Shoulder room (mm)	Front / Rear	1,364 / 1,356	
Hip room (mm)	Front / Rear	1,304 / 1,198	
Minimum ground clearance (mm)		147	
Engine			
		1.4 MPI	1.6 MPI
Engine type		Gasoline	
Displacement (cc)		1,368	1,591
Max. Power (ps / rpm)		100 / 6,000	124 / 6,300
Max. Torque (kg-m / rpm)		13.6 / 3,500	15.9 / 4,200
Bore x Stroke (mm)		72 x 84	77 x 85.44
Electrical system	Alternator	13.5-Volt 90 A	
	Starter	12-Volt 0.9 kW	
			1.6 VGT
		Diesel	
		1,582	
		136 / 4,000	
		30.6 / 1,750~2,500 (DCT), 26.5 / 1,500~3,500 (M/T)	
		77.2 x 84.5	
		12-Volt 120 A	
		12-Volt 1.7 kW	
Suspension			
Front		McPherson strut type with coil spring	
Rear		CTBA (Coupled torsion beam axle)

NEW THINKING. NEW POSSIBILITIES.

People's expectation toward individual mobility requires more than just a convenient means of transportation. The old understanding of cars has become outdated. A car represents individuals' lifestyles, and it became an integral part of their lives. At the same time, the automobile industry has experienced seismic change. Hyundai Motor Company has grown rapidly to become one of the largest automakers, backed by world class production capability and superior quality. We have now reached a point where we need a qualitative approach to bring bigger ideas and relevant solutions to our customers. This is an opportunity to move forward and we have developed a new brand slogan that encapsulates our willingness to take a big leap. Led by our new slogan and the new thinking underlying it, we will become a company that keeps challenging itself to unlock new possibilities for people and the planet.

NEW THINKING.
NEW POSSIBILITIES.

ACCENT

5Door

WONDER BECOMES WONDERFUL

Style, technology, safety - it's easy to recognise what makes Accent such a head-turning compact car. Now here's the hatchback version to build on the credentials, offering all you need when it comes to load-carrying practicality. Lift the tailgate and it all becomes clear: the flexibility and convenience that comes with 1,345 L of luggage capacity when rear seats are fully folded. (370 L when unfolded, VDA) Letting you transport your gear with ease, and opening up the leisure-time possibilities.

136 g/km
CO₂

ECO Driving for a safer, healthier planet
As you'd expect, Accent's emission figures are also compact. As little as 136 grams tomorrow, today.

* May vary according to regions and powertrains.

YOUR KIND OF INTERIOR

The interior of the 5-Door Accent embodies two key modern automotive characteristics: technology and space. The on-board computer in the supervision cluster is just one of the high-tech elements built into dashboard. Generous leg, head and shoulder room combines with logical and ergonomic positioning of controls, dials and instrumentation. And at the back, to make the most of the room, the rear seats fold flat.

Supervision cluster

The supervision cluster, with its circular rev counter and speedometer, is illuminated with white and blue backlighting for optimum clarity and readability. Providing vehicle information through both sight and sound, no-nonsense functionality combines with sporting elegance.

Full auto air conditioning system

Available as an option, full auto air conditioning lets the driver select one climate level setting and the passenger another. Just set the desired temperature and let the system take care of the rest—ensuring a customized interior climate that is fully comfortable and cozy for everyone on board.

Steering wheel remote control

From the driver seat of the Accent you can operate a Bluetooth-enabled mobile phone without having to take your hands off from the steering wheel.

ENGINEERED FOR EXCEPTIONAL DRIVING

Drive Accent, and immediately, you're struck by the quiet ride, the generous interior space and the abundance of up-to-the-minute technology. You'll notice something else too: the fuel gauge hardly drops. That's because Hyundai engineers have devised one of the most fuel efficient engines there is, one that takes only 5.7 liter of fuel burned to run 100 km. (in case of 1.4 Manual Transmission)

Continuously variable transmission (CVT)

An automatic transmission* combining excellent acceleration performance and fuel consumption, Continuously variable transmission (CVT) also provides silky-smooth gearshifts.

* Automatic transmission may differ depending on engine.
For more information, please visit the website.

6-speed manual transmission

A 6-speed manual gearbox provides smooth, noiseless gearshifts thanks to a key and ball-type synchromesh, optimized gear tooth shape and precision machining.

1.4 MPI gasoline engine

Lightweight to enhance fuel economy, a 1.4 MPI gasoline engine produces a maximum 100 ps at 6,000 rpm, while a 1.6 MPI gasoline engine produces a maximum 124 ps at 6,300 rpm. The diesel alternative, a 1.6 VGT diesel engine, produces a maximum 136 ps at 4,000 rpm.

5.7 L / 100km

Fuel economy is the defining goal of any vehicle that aspires to combine affordability with performance.
