

# IONIQ 6

Beyond electric

# Beyond electric

The new Hyundai IONIQ 6 redefines electric mobility with its aerodynamic streamlined silhouette, cocoon-shaped interior, and future-driven features. It's everything an electric vehicle should be and more.

# Electrified streamliner

Aesthetic and function blend harmoniously in the streamlined silhouette of IONIQ 6. The single-curved aerodynamic design minimizes air resistance; leading to smooth and dynamic driving.

Parametric Pixel LED Headlamps

Hyundai Emblem

20" Alloy Wheels

Parametric Pixel High-Mounted Stop Lamp (HMSL)

# Mindful cocoon

IONIQ 6's cocoon-shaped interior accommodates a comfortable hideaway with ample space, user-considered architecture and features.

**Interactive Pixel LED Lights**

The 4-dot interactive pixel on the steering wheel and LED lights on crash pad indicate the car's diverse status (welcome/good-bye, voice recognition, etc).

**Bridge-type Center Console**

**Thoughtful Storage Spaces**

**Button-less Slim Door with Ambient Lighting**

The buttons from the front doors were moved to the center console to provide more room and storage. The dual-color ambient mood lights installed in the upper and lower door trims can be selected from 64 colors or six dual color themes to suit drivers' mood.

**Motor**

Permanent Magnet Synchronus 2WD

229 ps | 350 Nm

**Battery**

77.4kWh

# Driving

Enjoy the driving performance of the IONIQ 6, designed to satisfy drivers’ needs.

**EV Performance Tune-Up Mode**

Driver can adjust motor power, acceleration sensitivity, steering effort and driveline mode to meet their driving style.

**Electric Active Sound Design (e-ASD)**

The IONIQ 6 enhances driving pleasure by offering spaceship-like virtual driving sounds.

**Speed Sync Lighting**

Brightness of front cabin lighting shifts from 10% at 30km/h to 100% at 100km/h, providing a dynamic driving experience.

# Technology

The advanced technologies applied to the IONIQ 6 provide a variety of mobility experiences.

**Relaxation Comfort Seat (1st row)**

**Intelligent Front-lighting System (IFS)**

IFS partial light control function detects approaching vehicles and prevents dazzling effects from the high-beam for other drivers, while securing clear visibility for the driver.

# Convenience

Experience IONIQ 6's wide range of convenience features.

### Vehicle-to-Load (V2L)

V2L is the innovative feature of IONIQ 6 that allows you to plug in electrical devices and appliances into the power outlet from inside or outside of your car. General electric power (230V/120V) is provided inside and outside, and you can use 3.6kVA for 230V power devices and 1.9kVA for 120V power devices.

### Integrated Display

The 12.3" digital cluster and the 12.3" infotainment touchscreen are integrated into a single screen for a wider view with easy access to all essential information.

### Premium BOSE™ Sound System

# Charging

Enjoy fast and convenient charging of your IONIQ 6.

**400V/800V Multi Ultra-Fast Charging**  
With the ultra-fast 800V battery system, battery can be charged 10% to 80% in

**Driving Range**

**18mins**      **545km**

\*Possible with a 350 kW DC Charger

**Interactive Pixel Lights (battery status)**

The 4-dot interactive pixel on the steering wheel displays the IONIQ 6's charge status.

# Ecologically responsible

Inspired by today's eco-conscious consumers, various sustainable materials are applied to the exterior and interior of IONIQ 6.

**Eco-processed leather**  
The leather used for the seats was processed in an eco-friendly manner through the use of flaxseed oil extract.

**BIO-TPO crash pad**  
Eco-friendly fibers from thread extracted from sugar cane are used in the crash pad.

**BIO-paint**  
The dashboard and door trims are coated in a special BIO-paint made with rapeseed flowers and corn extracts.

**BIO-PET yarn headlining**  
The material used for the headliner uses eco-friendly fibers extracted from sugar cane.

**Recycled fisher-net carpet, etc.**  
The carpet and car mats in the IONIQ 6 are made from used fishnets.

# Hyundai SmartSense technology

**Forward Collision-Avoidance Assist 2 (FCA 2)**

If the preceding vehicle suddenly slows down, or if a forward collision risk is detected (such as a stopped vehicle or a pedestrian or a cyclist in front), it provides a warning. After the warning, if the risk of collision increases, it automatically assists with emergency braking. While driving, if there is a risk of collision with an oncoming vehicle while turning left at an intersection, it automatically assists with emergency braking. While driving through an intersection, if there is a risk of collision with oncoming vehicles from the left or right, it automatically assists with emergency braking. When changing lanes while driving, if there is a risk of collision with an oncoming vehicle in the next lane or a preceding vehicle in the next lane, it automatically assists with avoidance steering. And while driving, if there is a risk of collision with a pedestrian who is partially in the vehicle's intended path, it automatically assists with avoidance steering.

**Blind-Spot Collision-Avoidance Assist (BCA)**

When operating the turn signal switch to change lanes, if there is a risk of collision with a rear side vehicle, it provides a warning. After the warning, if the risk of collision increases, it automatically controls the vehicle to help avoid a collision.

**Lane Keeping Assist (LKA)**

If driving above a certain speed and the driver leaves a lane without the turn signal switch being operated, it provides a warning. When a lane departure is detected, it automatically assists with steering to help prevent leaving the lane.

**Rear Cross-Traffic Collision-Avoidance Assist (RCCA)**

If there is a risk of collision with an oncoming vehicle on the left or right side while reversing, it provides a warning. After the warning, if the risk of collision increases, it automatically assists with emergency braking.

Specifications

Hyundai IONIQ 6	
Variant	Electric
Transmission	E- Shift for Shift by Wire (SBW)
Seating Capacity	5-Seater
ENGINE / TRANSMISSION	
Electric Motor Type	Permanent Magnet Synchronous
Maximum Power (ps)	229
Maximum Torque (Nm)	350
Type of Battery	Liquid-Cooled Lithium-Ion
Battery Capacity (kWh)	77.4
Voltage (V)	697
Range on a Single Charge (km)	545
Transmission Type	Single-Speed Reduction Gear
Drivetrain	2WD
Vehicle to Load (V2L)	Outside and Inside
STEERING	
Steering System	Motor-Driven Power Steering (Rack & Pinion)
Steering Column	Manual Tilt & Telescopic
Steering Wheel	4- Spoke (Leather & Audio Remote Control)
Drive Mode Select	With
Paddle Shifters	With
CHASSIS	
Suspension (Front/Rear)	MacPherson/ Multi-Link
Brakes (Front/Rear)	Front Disc 17"/ Rear Disc 17"
Parking Brake	Electric w/ Auto-hold
DIMENSIONS AND WEIGHT	
Overall L X W X H (mm)	4,855 x 1,880 x 1,495
Wheelbase (mm)	2,950
Wheel and Tire	20" Alloy Wheels
EXTERIOR	
Headlamps	LED + Projection (Low & High) With Adaptive Driving Beam
Auto-light Control	With
Daytime Running Lights (DRL)	With (Dedicated LED)
Position Lamp	LED (Indirect-Type)
Rear Spoiler	With
Outside Rear View Mirror	Body Color
	Electric Heated (Driver & Passenger)
	Turn Signal Lamps
Rear Combination Lamp	Electric Folding
	LED Type
High-Mounted Stop Lamp (HMSL)	With
Outside Door Handle	Body Color with Flush (Auto)
HYUNDAI SMARTSENSE TECHNOLOGY	
Lane Keeping Assist (LKA)	Line / Road-Edge
Forward Collision-Avoidance Assist (FCA2)	CAR / PED / CYC
Blind-Spot Collision Warning (BCW)	With
Blind-Spot Collision-Avoidance Assist (BCA)	With
Parking Distance Warning (PDW)	With (Forward, Reverse, and Side)
Reverse Parking Collision-Avoidance Assist (PCA)	With
Driver Attention Warning (DAW)	With
Lane Following Assist (LFA)	With
High Beam Assist (HBA)	With
Rear Seat Alert (RSA)	With Sensor
Surround View Monitor (SVM)	With
Rear Cross-Traffic Collision-Avoidance (RCCA)	With
Blind-spot View Monitor (BVM)	With
