

SONATA

Absolute Sensation

The new SONATA boasts an ideal proportion of sporty design cues and high-tech details that inspire those who are not afraid to express individuality.

[More details](#)

Sportier Than Ever

Be captivated by the silhouette that embodies the dynamic looks and spirited emotions of absolute sportiness.

Exterior

The distinctively carved front and lateral details reinforce a futuristic and agile look.

Fully Integrated Front Design

Fender LED Turn Signal Lamp

Eye-catching lightings that span the width of the car exudes a confident impression, complemented by a robust set of alloy wheels.

Seamless Horizon Lamp

H-lights
Rear Bumper Garnish

18-inch Alloy Wheels

Interior

A modern and simple frontal layout unfolds a spacious driver-oriented cabin that elevates driving experience.

3-spoke Steering Wheel

Panoramic Curved Display

Center Console Palm Rest

A practical interior space creates a pleasant ambiance when onboard.

Pure Leather Seats

Bezel-less Inside Mirror

Ambient Mood Lamp

Convenience

Thoughtfully curated intuitive convenience features assure an effortless drive.

Head-up Display (HUD)

Column-Type Shift by Wire (SBW)

Settle into a comfort zone that lies underneath a sporty vibe.

Front Passenger Relaxation Seat

Full Touch-type Air Conditioning Controller
Smartphone Wireless Charger

Power Rear Window Sunshade

Smart Power Trunk

Performance

Feel confident when behind the wheel of a redesigned and refined sports sedan.

Smartstream G2.5 GDi

194 Maximum Power
PS/6,100 rpm

25.1 Maximum Torque
kgf-m/4,000 rpm

Upgraded Ride and Handling

Improved suspension and tuning offers an upgraded ride and handling.

Reduced Road/Wind Noise

Enhanced structure and fine details minimizes inflow of external noise.

Hybrid

A smarter way of driving with hybrid dedicated technologies that provide a smoother ride and dynamic cornering.

e-Comfort Drive

When passing speed bumps, this hybrid technology manages the motor to reduce vehicle shaking and provide a smooth ride on an uneven road.

e-Dynamic Drive

When the vehicle approaches a turn, the hybrid system regulates the vehicle's movement to execute torque vectoring while simultaneously maintaining the ideal level of tire grip for dynamic handling performance.

When accelerating, the hybrid system controls the vehicle's motion such that the driver experiences less shaking and more linear acceleration.

During overtaking acceleration, this function provides a quick acceleration response and improved torque performance.

Smartstream G2.0 GDi HEV

Engine		Electric Motor	
152	Maximum Power PS/6,000 rpm	38.6	Maximum Power kW
19.2	Maximum Torque kgf-m/5,000 rpm	205	Maximum Torque Nm

Paddle Shift- Regenerative Braking Mode

Allows the driver to adjust to the optimal regenerative braking stages when driving.

12V Battery Reset Button

The battery protection function automatically shuts off power when a risk of battery discharge is detected. The 12V battery reset button temporarily reconnects the cut-off power to allow the engine to start again.

Hybrid Exclusive Features

Provides essential driving information such as fuel efficiency, energy flow, and personalized in-depth analysis for smarter driving.

N Line

Invigorate your driveway with N Line's exclusive powertrain and distinctive design highlights that elevate both performance and style.

Black High Glossy Radiator Grille

Rear Spoiler Garnish
Dual Twin Tip Muffler

Smartstream G2.5 T-GDi

290 Maximum Power
PS/5,800 rpm

43.0 Maximum Torque
kgf-m/1,650~4,000 rpm

19-inch Alloy Wheels

Air Vent Red Garnish
Red Stitched Point

N Line Exclusive Suede Seat

Safety

Diverse safety functions ensure uncompromised safety even against risks that can be easily overlooked.

Rear Occupant Alert

Safety Power Window

Blind-Spot View Monitor (BVM)

Surround View Monitor (SVM)

Hyundai SmartSense

Forward Collision-Avoidance Assist (FCA)

Forward Collision-Avoidance Assist (FCA) monitors your surroundings and warns you if there is a risk of collision. After the warning, it automatically assists with emergency braking if the risk of collision with the target increases (e.g. a leading vehicle which suddenly slows down, a vehicle, a PTW, a pedestrian or a cyclist in the front). If the risk of collision with an oncoming vehicle or a PTW increases while turning left at an intersection or if the risk of collision with an oncoming vehicle increases while driving in the lane, it automatically assists with emergency braking.

Remote Smart Parking Assist (RSPA)

Remote Smart Parking Assist (RSPA) helps the driver to park or exit a parking spot remotely. It automatically assists with steering, accelerating, decelerating, and shifting by using the vehicle's sensors. It automatically assists with braking when an object is detected in the vehicle's path. The driver can perform "Remote Operation" using the smart key when the driver is outside the vehicle.

26 * Advanced Driver Assistance Systems (ADAS) is designed to provide assistance with the operation of a vehicle, drivers must drive with caution at all times.

* Functions may not operate depending on the surroundings and driving conditions. Refer to the instruction manual for details.

* Actual specifications may vary depending on the trim, powertrain and specifications selected.

More details

Blind-Spot Collision-Avoidance Assist (BCA)

Blind-Spot Collision-Avoidance Assist (BCA) warns you if there is a risk of collision with a rear side vehicle in the blind-spot while changing lanes. When forward exiting a parallel-parking spot, it automatically assists with emergency braking if there is a risk of collision with a vehicle approaching from behind.

Safe Exit Assist (SEA)

Safe Exit Assist (SEA) warns you if there is a risk of collision with a vehicle approaching from behind when an occupant opens a door to exit the vehicle after coming to a stop. When the driver presses the Electronic Child Lock button to drop off a passenger in the rear seat, the electronic child lock remains locked to help prevent the door from opening if the risk of collision with a vehicle approaching from behind increases.

* Advanced Driver Assistance Systems (ADAS) is designed to provide assistance with the operation of a vehicle, drivers must drive with caution at all times. 27

* Functions may not operate depending on the surroundings and driving conditions. Refer to the instruction manual for details.

* Actual specifications may vary depending on the trim, powertrain and specifications selected.

High Beam Assist (HBA)

High Beam Assist (HBA) automatically adjusts the high beams by detecting ambient light and illuminance, such as a lamp of an oncoming vehicle or a preceding vehicle.

Smart Cruise Control (SCC)

Smart Cruise Control (SCC) helps maintain distance from the front vehicle and drive at a speed set by the driver. Automatically stops when the front vehicle stops and starts automatically when the front vehicle departs within a short time.

28 * Advanced Driver Assistance Systems (ADAS) is designed to provide assistance with the operation of a vehicle, drivers must drive with caution at all times.
* Functions may not operate depending on the surroundings and driving conditions. Refer to the instruction manual for details.
* Actual specifications may vary depending on the trim, powertrain and specifications selected.

More details

Lane Following Assist (LFA)

Lane Following Assist (LFA) helps center the vehicle in the lane.

Rear Cross-Traffic Collision-Avoidance Assist (RCCA)

Rear Cross-Traffic Collision-Avoidance Assist (RCCA) provides a warning if there is a risk of collision with an oncoming vehicle on the left or right side while reversing. After the warning, it automatically assists with emergency braking if the risk of collision increases.

* Advanced Driver Assistance Systems (ADAS) is designed to provide assistance with the operation of a vehicle, drivers must drive with caution at all times. 29

* Functions may not operate depending on the surroundings and driving conditions. Refer to the instruction manual for details.

* Actual specifications may vary depending on the trim, powertrain and specifications selected.
