

HYUNDAI MOTOR COMPANY AND ITS SUBSIDIARIES

CONSOLIDATED FINANCIAL STATEMENTS
FOR THE THREE MONTHS ENDED MARCH 31, 2012 AND 2011
AND INDEPENDENT ACCOUNTANTS' REVIEW REPORT

Independent Accountants' Review Report

English Translation of a Report Originally Issued in Korean

To the Shareholders and Board of Directors of
Hyundai Motor Company:

We have reviewed the accompanying consolidated financial statements of Hyundai Motor Company (the "Company") and its subsidiaries. The consolidated financial statements consist of the consolidated statements of financial position as of March 31, 2012 and the related consolidated statements of income, comprehensive income, changes in shareholders' equity and cash flows for the three months ended March 31, 2012 and 2011, respectively, and a summary of significant accounting policies and other explanatory information.

Management's responsibility for the financial statements

The Company's management is responsible for the preparation and fair presentation of the accompanying consolidated financial statements and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Independent accountant's responsibility

Our responsibility is to express a conclusion on the accompanying consolidated financial statements based on our reviews. We did not review the financial statements of certain subsidiaries, including Hyundai Capital Services, Inc., whose statements reflect 39.0% and 43.5% of the consolidated total assets as of March 31, 2012 and December 31, 2011, respectively, and 41.1% and 37.4% of the consolidated total sales for the three months ended March 31, 2012 and 2011, respectively. Those statements were reviewed by other auditors whose reports have been furnished to us, and our conclusion, insofar as it relates to the amounts included for those entities, is based solely on the conclusions of the other auditors.

We conducted our reviews in accordance with standards for review of interim financial statements in the Republic of Korea. A review is limited primarily to inquiries of Company personnel and analytical procedures applied to financial data, and this provides less assurance than an audit. We have not performed an audit and, accordingly, we do not express an audit opinion.

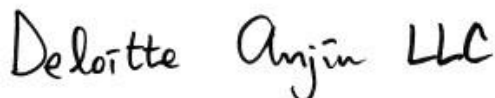

Review conclusion

Based on our reviews and review conclusions of other auditors, nothing has come to our attention that causes us to believe that the accompanying consolidated financial statements of the Company and its subsidiaries are not presented fairly, in all material respects, in accordance with Korean International Financial Reporting Standards 1034, *Interim Financial Reporting*.

Others

We audited the consolidated statement of financial position as of December 31, 2011, and the related consolidated statements of income, comprehensive income, changes in shareholders' equity and cash flows (not presented in the accompanying consolidated financial statements) for the year ended December 31, 2011, in accordance with auditing standards generally accepted in the Republic of Korea. We expressed an unqualified opinion in our independent auditors' report dated on March 7, 2012. The consolidated statement of financial position as of December 31, 2011 presented as comparative purposes in the accompanying financial statements does not differ, in all material respects, with the audited consolidated statement of financial position as of December 31, 2011.

Accounting principles and review standards and their application in practice vary among countries. The accompanying consolidated financial statements are not intended to present the financial position, results of operations and cash flows in accordance with accounting principles and practices generally accepted in countries other than the Republic of Korea. In addition, the procedures and practices utilized in the Republic of Korea to review such financial statements may differ from those generally accepted and applied in other countries. Accordingly, this report and the accompanying consolidated financial statements are for use by those knowledgeable about Korean accounting procedures and review standards and their application in practice.

The image shows a handwritten signature in black ink. The signature reads "Deloitte Anjin LLC". The word "Deloitte" is written in a cursive style, "Anjin" is in a more stylized, flowing script, and "LLC" is in a simpler, blocky font.

(3) Changes in consolidated subsidiaries

Subsidiaries newly included in consolidation for the three months ended March 31, 2012 are as follows:

Changes	Name of subsidiaries	Description
Included	Hyundai Motor Deutschland GmbH	Acquisition
	Hyundai Motor France SAS	
	Hyundai Automobiles Services SAS	
	Hyundai Accessories & Parts SARL	
	Hyundai Protection Plan, Inc.	
	Privia the Third Securitization Specialty Co., Ltd.	

(4) The financial statements of all subsidiaries, which are used in the preparation of the consolidated financial statements, are prepared for the same reporting periods as the Company's.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The Company maintains its official accounting records in Korean Won and prepares its consolidated financial statements in conformity with Korean statutory requirements and Korean International Financial Reporting Standards ("K-IFRS"), in Korean language (Hangul). Accordingly, these consolidated financial statements are intended for use by those who are informed about K-IFRS and Korean practices. The accompanying consolidated financial statements have been condensed, restructured and translated into English with certain expanded descriptions from Korean language consolidated financial statements. Certain information included in Korean language consolidated financial statements, but not required for a fair presentation of the Group's consolidated statements of financial position, income, comprehensive income, changes in shareholders' equity or cash flows, is not presented in the accompanying consolidated financial statements.

(1) Basis of consolidated financial statements presentation

The Group's condensed consolidated financial statements for the three months ended March 31, 2012 and 2011, respectively, are prepared in accordance with K-IFRS 1034, *Interim Financial Reporting*. The condensed consolidated financial statements should be read in conjunction with the annual consolidated financial statements for the year ended December 31, 2011, which have been prepared in accordance with K-IFRS.

The significant accounting policies used for the preparation of the interim consolidated financial statements are consistent with those applied to the annual consolidated financial statements for the year ended December 31, 2011, except for the adoption effect of the new accounting standards and interpretations described below.

1) New standard that have been applied from the period beginning January 1, 2012 is as follows:

- K-IFRS 1107(Revised): 'Financial Instruments: Disclosures'

The amendment requires to provide the required disclosures for all transferred assets that are not derecognized and for any continuing involvement in a transferred asset. The effect of the amendments related to disclosures is not significant on the Group's interim consolidated financial statements.

2) New standards that have been issued but are not yet effective for the period beginning January 1, 2012 and that have not yet been applied are as follows:

- K-IFRS 1019(Revised): 'Employee Benefits'

The amendments to K-IFRS 1019 change the accounting for defined benefit plans and termination benefits. The most significant change relates to the accounting for changes in defined benefit obligations and plan assets. The amendments require the recognition of changes in defined benefit obligations and in fair value of plan assets when they occur, and hence eliminate the 'corridor approach' permitted under the previous version of K-IFRS 1019 and accelerate the recognition of past service costs. In addition, the income on the plan assets is recognized using the same interest rate as used for the defined benefit obligation, which under current K-IFRS is recognized based on the expected return. The amendments to K-IFRS 1019 are effective for annual periods beginning on or after January 1, 2013 and require retrospective application with certain exceptions.

- K-IFRS 1113(Amendment): 'Fair Value Measurement'

K-IFRS 1113 establishes a single source of guidance for fair value measurements and disclosures about fair value measurements. The standard defines fair value, establishes a framework for measuring fair value, and requires disclosures about fair value measurements. K-IFRS 1113 is effective for annual periods beginning on or after January 1, 2013, with earlier application permitted.

The Group does not anticipate that these amendments referred above will have a significant effect on the Group's consolidated financial statements and disclosures.

(2) Significant accounting judgements and key sources of estimation uncertainties

In the preparation of the Group's interim consolidated financial statements, management is required to apply accounting policies and make judgments, estimation and assumptions affecting the carrying amounts of assets and liabilities, income and expenses. The estimation and assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may be different from those estimations. The management's significant judgements about the application of the Group's accounting policies and the main resources of the uncertainty are consistent with those of the annual consolidated financial statements for the year ended December 31, 2011.

3. TRADE NOTES AND ACCOUNTS RECEIVABLE:

(3) Impairment test of goodwill

The recoverable amount of the Group's cash - generating unit ("CGU") are measured at its value-in-use. The value-in use are calculated based on cash flow projections of financial budgets for the next five years approved by management. Cash flows projection beyond the next five-year period are extrapolated by using the estimated growth rate which does not exceed the long-term average growth rate of the region to which the CGU belongs. No impairment loss is recognized based on the impairment test for the three months ended March 31, 2012 and 2011, respectively.

(3) Fair value estimation

Financial instruments that are measured subsequent to initial recognition at fair value are grouped into Level 1 to Level 3, based on the degree to which the fair value is observable, as described below:

- Level 1 : Fair value measurements are those derived from quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2 : Fair value measurements are those derived from inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3 : Fair value measurements are those derived from valuation techniques that include inputs for the asset or liability that are not based on observable market data (unobservable inputs).

34. RISK MANAGEMENT:

(1) Capital risk management

The Group manages its capital to maintain an optimal capital structure for maximizing profit of its shareholder and reducing the cost of capital. Debt to equity ratio calculated as total liabilities divided by equity is used as an index to manage the Group's capital. The overall capital risk management policy is consistent with that of the prior period. Debt to equity ratios as of March 31, 2012 and December 31, 2011 are as follows:

Description	March 31, 2012		December 31, 2011	
	(In millions of Korean Won)			
Total liabilities	₩	71,605,021	₩	69,152,273
Total equity		42,437,286		40,327,702
Debt to equity ratio		168.7%		171.5%

(2) Financial risk management

The Group is exposed to various financial risks such as market risk (foreign exchange risk, interest rate risk and price risk), credit risk and liquidity risk related to its financial instruments. The purpose of risk management of the Group is to identify potential risks related to financial performance and reduce, eliminate and evade those risks to an acceptable level of risks to the Group. Overall, the Group's financial risk management policy is consistent with the prior period.

1) Market risk

The Group is mainly exposed to financial risks arising from changes in foreign exchange rates and interest rates. Accordingly, the Group uses financial derivative contracts to hedge and to manage its interest rate risk and foreign currency risk.

a) Foreign exchange risk management

The Group is exposed to various foreign exchange risk by making transactions in foreign currencies. The Group is mainly exposed to foreign exchange risk in USD, EUR and JPY.

The Group manages foreign exchange risk by matching the inflow and the outflow of foreign currencies according to each currency and maturity, and by adjusting the foreign currency settlement date based on its the exchange rate forecast. The Group uses foreign exchange derivatives; such as currency forward, currency swap, and currency option; as hedging instruments. However, speculative foreign exchange trade on derivative financial instruments is prohibited.

The Group's sensitivity to a 5% change in exchange rate of the functional currency against each foreign currencies on income before income tax as of March 31, 2012, is as follows:

Description	Increase by 5%	Decrease by 5%
	(In millions of Korean Won)	
USD	₩ (67,400)	₩ 67,400
EUR	(54,675)	54,675
JPY	(12,299)	12,299

The sensitivity analysis includes the Group's monetary assets, liabilities and derivative assets, liabilities but excludes items of income statements such as changes of sales and cost of sale due to exchange rate fluctuation.

b) Interest rate risk management

The Group has borrowings with fixed or variable interest rates. Also, the Group is exposed to interest rate risk arising from financial instruments with variable interest rates. To manage the interest rate risk, the Group maintains an appropriate balance between borrowings with fixed and variable interest rates for short-term borrowings and has a policy to borrow funds with fixed interest rates to avoid the future cash flow fluctuation risk for long-term debt if possible. The Group manages its interest rate risk through regular assessments of the change in markets conditions and the adjustments in nature of its interest rates.

The Group's sensitivity to a 1% change in interest rates on income before income tax as of March 31, 2012 is as follows:

Description	Increase by 1%	Decrease by 1%
	(In millions of Korean Won)	
Cash and cash equivalents	₩ 1,677	₩ (1,677)
Borrowings and debentures	(44,362)	44,362

c) Equity price risk

The Group is exposed to market price fluctuation risk arising from AFS equity investments. As of March 31, 2012, the amount of AFS equity investments measured at fair value is ₩1,704,573 million.

2) Credit risk

The Group is exposed to credit risk when a counterparty defaults on its contractual obligation resulting in financial loss to the Group. The Group operates a policy to transact with counterparties who only meet a certain level of credit rating which was evaluated based on the counterparty's financial conditions, default history, and other factors. The credit risk in the liquid funds and derivative financial instruments is limited as the Group transacts only with financial institutions with high credit-ratings assigned by international credit-rating agencies. Except for the guarantee of indebtedness discussed in Note 36, the book value of financial assets on the financial statements represents the maximum amounts of exposure to credit risk.

3) Liquidity risk

The Group manages liquidity risk based on maturity structure of fund. The Group analyses and reviews actual cash outflow and its budget to correspond the maturity of financial liabilities to that of financial assets.

Due to the inherent nature of the industry, the Group requires continuous R&D investment and is sensitive to economic fluctuations. The Group minimize its credit risk in cash equivalents by investing in risk-free assets. In addition, the Group has agreements in place with financial institutions with respect to trade financing and overdraft to mitigate any significant unexpected market deterioration. The Group, also, continues to strengthen its credit rates to secure a stable financing capability.

The Group's maturity analysis of its non-derivative liabilities according to their remaining contract period before expiration as of March 31, 2012 is as follows:

Description	Remaining contract period				Total
