

NEXO

[More details](#)

Clearly Committed

The all-new NEXO sets a new standard for future mobility with an innovative user experience powered by its advanced hydrogen fuel cell and cutting-edge technologies.

Exterior

The solid silhouettes take advantage of steel's natural elasticity and emphasize the strength and beauty of the material itself, delivering a unique image.

Center Garnish, Full LED Headlamps, LED DRL
19-inch Alloy Wheels

Full LED Rear Combination Lamps & High-Mounted Stop Lamps
Rear Spoiler

Defined by daring lines and structural confidence, the all-new NEXO is further accentuated by the horizontal groove patterns on the doors, creating an image of unwavering strength.

Digital Side Mirror (DSM)

Auto Flush Door Handle
Roof Rack

Driver-Centric Architecture

Interior

A modern yet cozy space where you can enjoy a comfortable driving experience.

Column-type Shift-by-Wire (SBW)
Steering Wheel with Interactive Pixel Lights

Suede Headliner

Enjoy a spacious interior that is perfect for a relaxed lifestyle, with comfortable seating, efficient storage and optimized cargo space.

First-row Relaxation Seats (with leg rest)

12.3-inch Panoramic Curved Display

Second-row Reclined Seats (up to 14°)

Cargo Space : 510L / Max 1,630L (second-row folded)
* Based on VDA standards

The Newly Implemented Platform In The Luggage Area

Passenger-side Open Tray

Console Tray and Phone Holder Compartment

Convenience

Convenient technology and features make driving a special experience that is enjoyable from start to finish.

Wireless Charger

Audio by BANG & OLUFSEN Premium Sound (14 speakers)

Vision Roof

Head-Up Display (HUD)

Digital Center Mirror (DCM)
Digital Side Mirror (DSM)

Digital Key 2.0

Integrated Memory System (IMS)
OTA Software Update (Over-the-Air)

100W USB-C

Performance

The high efficiency and dynamic power of hydrogen-electric technology, paired with advanced safety features tailored to diverse driving conditions, deliver a smooth and confident driving experience.

150kW/350Nm Maximum Power/Maximum Torque

Active Sound Design (E-ASD)
Active Noise Control-Road (ANC-R)

e-Handling

Charging

Enjoy a lifestyle powered by hydrogen fuel cell technology, with refueling taking just minutes.

5min charges over 95% 826km range per charge * Based on 18-inch wheels, Standard trim * Based on combined fuel economy (0.81kg/100km) X hydrogen tank capacity (6.69kg)

Outdoor V2L (no adapter required)

Indoor V2L

20 * This image depicts a simulated scenario. The time and amount of charging may vary depending on the condition of the hydrogen charging station (hydrogen pressure/temperature), the condition of the hydrogen in the tank (residual pressure, temperature level, etc.), the season, etc.

Safety

To ensure comprehensive, all-around protection, the vehicle's frame has been substantially reinforced for superior stability, while its occupant safety systems have been elevated to new levels.

Platform Reinforcement & 7-Airbag System

Driver Monitoring System
Pedal Misapplication Safety Assist

Multi-Collision Brake System

Hyundai SmartSense

More details

Forward Collision-Avoidance Assist 2 (FCA 2)
Alerts the driver if the vehicle ahead is slowing down too quickly or if there is the potential for a forward collision with stationary vehicles, pedestrians, cyclists ahead, or approaching vehicles on the road, and activates the brakes in the event of an impending collision. Forward Collision-Avoidance Assist also brakes automatically to avoid an impending collision with vehicles or cyclists ahead on the road or approaching from either side while making a left turn at an intersection. It automatically assists steering when there is a risk of collision with a vehicle in the next lane while changing lanes, or a pedestrian on the edge of the lane.

Smart Cruise Control 2 (SCC 2)
Smart Cruise Control (SCC) helps maintain distance from the front vehicle and drive at a speed set by the driver. Automatically stops when the front vehicle stops and automatically starts when the front vehicle departs within a short time. When determining the driver's non-response status, Emergency Stop function maintains the center of the lane, controls the distance between vehicle, and decelerates to stop in the lane.

Lane Keeping Assist (LKA)
If driving above a certain speed and the driver leaves a lane without the turn signal switch being operated, it provides a warning. When a lane departure is detected, it automatically assists with steering to help prevent leaving the lane.

Blind-Spot Collision-Avoidance Assist (BCA)
Blind-Spot Collision-Avoidance Assist (BCA) warns you if there is a risk of collision with a rear side vehicle in the blind-spot while changing lanes. When forward exiting a parallel-parking spot, if there is a risk of collision with a vehicle approaching from behind, it automatically assists with emergency braking.

Rear Cross-Traffic Collision-Avoidance Assist (RCCA)
Rear Cross-Traffic Collision-Avoidance Assist (RCCA) provides a warning if there is a risk of collision with an oncoming vehicle on the left or right side while reversing. After the warning, it automatically assists with emergency braking if the risk of collision increases.

* Advanced Driver Assistance Systems (ADAS) is designed to provide assistance with the operation of a vehicle, drivers must drive with caution at all times.
* Functions may not operate depending on the surroundings and driving conditions. Refer to the instruction manual for details.
* Actual specifications may vary depending on the trim, powertrain and specifications selected.
* Features and specifications may vary by market. Please consult your local dealer.

Bluelink Store

Discover a world of new digital possibilities in the BlueLink Store.
Unlock a more versatile and flexible experience—subscribe to diverse features and experience them as needed.

Music Streaming (available with Bluelink Pro)
Enjoy your favorite artists and the latest releases anytime, anywhere. Amazon Music and SoundCloud come pre-installed, allowing streaming from your vehicle without extra data charges. Keep your music service subscription active to enjoy seamless listening wherever you go.

Display Themes
Add more enjoyment to your day with a display that captures your personal style. The Pony theme, a modern reinterpretation of the classic Hyundai Pony design, and the nature theme, with its vast fields and azure skies, each promise a truly distinctive experience.

Specifications

Classification		
Electric Motor	Motor Type	Permanent-magnet synchronous motor (PMSM)
	Max. Power (kW)	150
	Max. Torque (Nm)	350
	Max. Speed (KPH)	179(18") / 178(19")
Battery	Capacity (kWh)	2.64
	Power output (kW)	80
Suspension		
Front		McPherson strut type
Rear		Multi-Link Type
Tire		
		225/55R18, 245/45R19
Dimensions		
Head Room (mm)	Front (w / Sunroof) / Rear	1,005 (972) / 988 (952)
Leg Room (mm)	Front / Rear	1,054 / 981
Shoulder Room (mm)	Front / Rear	1,455 / 1,410
