People's expectation toward individual mobility requires more than just a convenient means of transportation. The old understanding of cars has become outdated. A car represents individuals' lifestyles, and it became an integral part of their lives. At the same time, the automobile industry has experienced seismic change. Hyundai Motor Company has grown rapidly to become one of the largest automakers, backed by world class production capability and superior quality. We have now reached a point where we need a qualitative approach to bring bigger ideas and relevant solutions to our customers. This is an opportunity to move forward and we have developed a new brand slogan that encapsulates our willingness to take a big leap. Led by our new slogan and the new thinking underlying it, we will become a company that keeps challenging itself to unlock new possibilities for people and the planet.

BEYOND EXPECTATIONS

Sonata Turbo adds powerful muscularity to fluid and dynamic lines of Sonata. Sculpted side sill moldings and 18" alloy wheels convey an aggressive purposeful, fully complementing the feeling of movement and speed.

RADIATOR GRILLE & BUMPER

DUAL TWIN TIP MUFFLER

REMODELED BODYWORK, RENEWED SENSATIONS
The enlarged front bumper combines well with the bold and stylish black color of the radiator grille. The same color is applied to the air intake and fog lamp housings while dual twin tip mufflers enhance sportiness at the rear.

INTERIOR DESIGN WITH EXTRA IMPACT

A turbo-boosted car means a boosted interior specification. Sport seats, a leather-wrapped gear knob and aluminum accelerator pedal show the influence of motorsport. The center fascia panel has a special textured metal surface treatment.

INSTANT CONTROL FOR THE ROAD AHEAD

To understand Sonata Turbo's approach to design and engineering, simply take hold of the steering wheel. With its D-cut shape feeling sporty in the hands, paddle shifters allow lightning-quick gear changes, putting the driver in masterful control.

PANORAMA SUNROOF

What can be better than throwing open the sunroof on a fine sunny day? The wide panorama sunroof lets in light and sunshine, providing a wonderfully spacious feeling.

ELECTRIC BACKLITE CURTAIN

If the sunshine is too strong or you simply want a little more privacy, an electric backlite curtain is operated at the touch of a button.

PADDLE SHIFTERS

Paddle shifters let you to make fast gear changes without taking your hands off from the steering wheel.

AUDIO REMOTE CONTROL

The audio system can be controlled with just a movement of the thumb.

D-CUT 3-SPOKE STEERING WHEEL

The D-cut 3-spoke steering wheel, wider where your hands naturally rest, provides a racy feel and appearance.

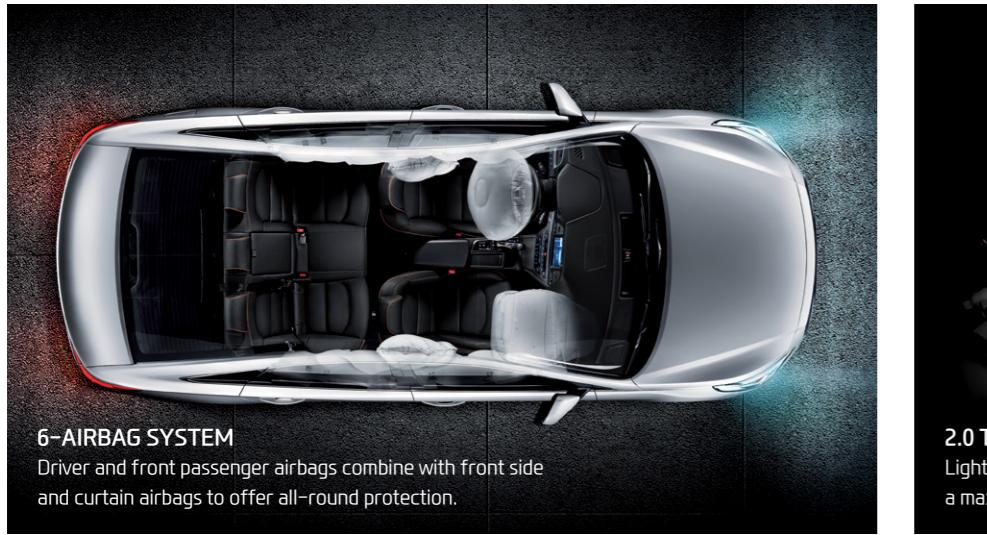

AUDIO SYSTEM

The audio system interface uses an 8" LCD, which is also used to show navigation data and the view from the rear view camera.

SUPERVISION CLUSTER

Specifically designed for Sonata Turbo, the supervision cluster features a 4.2" TFT LCD, with easy-to-read back-lit graphics.

6-AIRBAG SYSTEM

Driver and front passenger airbags combine with front side and curtain airbags to offer all-round protection.

2.0 T-GDi GASOLINE ENGINE

Lightweight and reliable, this high-spec unit delivers a maximum 36.0 kg·m of torque at 1,350 ~ 4,000 rpm.

MAX. POWER

245^{ps}

MAX. TORQUE

36.0^{kg·m}

PERFORMANCE WITH SAFETY

Sonata Turbo's engine provides dynamic driving performance, with its 2.0 T-GDi gasoline engine taking you from 0 to 100 kph in 7.5 seconds. Meanwhile, sport-tuned suspension, optimized braking and a comprehensive airbag system ensure both driving enjoyment and safety.

BLIND SPOT DETECTION (BSD)

BSD senses vehicles in the blind spot not caught by your rear-view and outside mirrors. It also alerts you if a vehicle approaches quickly from behind.

AUTO CRUISE CONTROL

Auto cruise control lets you set and maintain your desired speed. It's perfect for long road trips, because it prevents you from accidentally passing the speed limit. At the same time, you can let your feet relax while saving fuel too.

DRIVE MODE CONTROL SYSTEM

Drive mode control system lets you choose from three different driving modes-normal, sports, and eco-depending on the steering feel you desire and to suit different driving conditions.

6-SPEED AUTOMATIC TRANSMISSION

The 6-speed automatic transmission provides high-precision response, silky-smooth shifts, and outstanding durability.

ELECTRONIC STABILITY CONTROL (ESC)

Sensing steering wheel movements in relation to wheel rotation, Electronic stability control (ESC) takes care of the engine, braking system and steering during sudden braking and turning to keep you from skidding.
