AVANTE
The way we think and the ways we live are changing fast. Just as the norms and images of our world are changing, Hyundai AVANTE has also changed - completely. In this world that looks different every day, The all-new Hyundai AVANTE can be found beside people who will lead the new world with their youthful thinking.
AVANTE’s Parametric Dynamics accentuate its geometric aesthetics, bringing the Sensuous Sportiness of its design to life.
A Parametric Jewel-Pattern highlights the depth of the front grille like precision cut-gemstones, while bold and elongated front headlights come together to give AVANTE its sporty look. The trunk comes complete with an edgy spoiler and an integral taillight represents Hyundai Motor with its distinct H-shape design, helping to create a high-tech, futuristic feel to the rear.
AVANTE’s cockpit-style interior cocoons the driver, immersing you in the driving experience. A panoramic display and control buttons on a driver-centered layout make everything easier.

Panoramic Display
A full color cluster display and navigation screen (both 10.25”) deliver a seamless, integrated panoramic view, tilted 10 degrees toward the driver for easier control and a high-tech feel.

Ambient mood lighting synced to driving mode
For a unique driving experience, AVANTE’s mood lighting offers interior lighting changes to calibrate the driver that vary with the different driving modes.

BOSE Premium Sound System
Delivering precise, dynamic sound at volumes that adjust according to your vehicle speed.

Interior Space
The new interior and lowered seats provide greater comfort.

Rear Air Vents
Give your passengers in the rear an even more pleasant ride.
Convenience

AVANTE’s wide range of infotainment features make everything colorful while improving the user experience.

Hyundai CoPay
Pay from inside your car at affiliated stores highlighted on the navigation screen. Simply download the designated apps beforehand and add a credit card number.
Convenience

AVANTE’s wide range of infotainment features make everything colorful while improving the user experience.

Hyundai CoPay
Pay from inside your car at affiliated stores highlighted on the navigation screen. Simply download the designated apps beforehand and add a credit card number.
Avant-garde, state-of-the-art features work seamlessly with you to give you a more active driving experience.

Voice Recognition Vehicle Control
Adjust the climate control system and heated seats and access a society of useful information with your voice—simply press the voice recognition button on the steering wheel and say what you want.

* Use of voice recognition capabilities require prior pairing of Digital Key (smartphone) to the vehicle.

Personalized Profile
When AVANTE recognizes a driver (either when they open the door with Digital Key or the driver is selected on the infotainment system), it adjusts vehicle settings according to the personalized driver profile, including seat position, infotainment system properties, and climate control.

* Use of personalized profile features require prior pairing of Digital Key (smartphone) to the vehicle.

Air Purifying System
AVANTE’s air purification system uses a fine dust sensor to monitor the vehicle’s interior air quality, activating an automatic air purifier when needed to ensure a more pleasant atmosphere.

Wireless Navigation Updating
This feature updates the GPS navigation system wirelessly.

* Use of Wireless Navigation Updating requires an active Blue Link membership.

Bluetooth Multiconnection
When the Bluetooth audio feature is active, up to two separate Bluetooth-enabled devices can be connected, allowing greater selection in your audio choices.

Voice Recognition Vehicle Control
Adjust the climate control system and heated seats and access a society of useful information with your voice—simply press the voice recognition button on the steering wheel and say what you want.

* Use of voice recognition capabilities require prior pairing of Digital Key (smartphone) to the vehicle.

Personalized Profile
When AVANTE recognizes a driver (either when they open the door with Digital Key or the driver is selected on the infotainment system), it adjusts vehicle settings according to the personalized driver profile, including seat position, infotainment system properties, and climate control.

* Use of personalized profile features require prior pairing of Digital Key (smartphone) to the vehicle.

Air Purifying System
AVANTE’s air purification system uses a fine dust sensor to monitor the vehicle’s interior air quality, activating an automatic air purifier when needed to ensure a more pleasant atmosphere.

Wireless Navigation Updating
This feature updates the GPS navigation system wirelessly.

* Use of Wireless Navigation Updating requires an active Blue Link membership.

AVANTE introduces an all-new 3rd generation platform that delivers superb driving performance optimized for riding comfort, agile steering and an engine configured for exceptional fuel economy.
Hybrid technology

The quality and sophistication of AVANTE Hybrid makes it the trend leader for driving during the green era.
A quiet electric motor that excites as it accelerates, offering the highest fuel economy in its class at 21.1 km/ℓ, all for a powerful, intelligent driving experience.

Multi-link Rear Suspension

Multi-link rear suspension provides everyday comfort and vehicle stability during high-speed, sporty driving with sharp cornering.

Electric Parking Brake with Auto Hold

Simply engage/disengage the parking brake with a single switch. The electric parking brake comes with Auto Hold, which keeps the vehicle stationary while stopped.

Exclusive Features of the AVANTE Hybrid

Drivers of the AVANTE Hybrid now have a wider range of features at their fingertips, including driving data, displays of fuel economy and energy flow, and an “Eco” driving mode. Enjoy a driving experience that is smarter and more pleasant.

1. Lithium Polymer Batteries

An integrated battery system is placed under the rear seats to reduce weight and give you more trunk space.

2. Permanent Magnet Motor

The permanent magnet motor delivers auxiliary power to the conventional engine for better acceleration and greater fuel efficiency. In ideal conditions, enjoy up to 120 km/h of pure EV speed.

3. Regenerative Braking System

During deceleration, kinetic energy is converted into electric power to charge the battery, which is then used to give you more fuel-efficient acceleration.

4. Integrated Electric Booster

Integrates hydraulic power and control units and uses motor-driven, electronic controls to deliver smoother braking.

3. Regenerative Braking System

During deceleration, kinetic energy is converted into electric power to charge the battery, which is then used to give you more fuel-efficient acceleration.

4. Integrated Electric Booster

Integrates hydraulic power and control units and uses motor-driven, electronic controls to deliver smoother braking.
Forward Collision Prevention Assist
Alerts the driver of the potential for a forward collision when vehicles in front suddenly slow down or stop, or if there are pedestrians or cyclists in front of the vehicle. The system also activates the brakes in the event of an impending collision.

Rear Collision Prevention Assist
Alerts the driver of the potential for a collision from the rear when the turn signal indicator is switch on for lane changes and helps avoid the collision through differential braking if necessary.

Safe Exit Assist
Alerts the driver of any vehicle(s) approaching quickly from the rear or sides after the AVANTE has stopped and one or more of its doors begin to open.

Rear Cross-Traffic Collision Prevention Assist
Monitors the areas to the left and right when the vehicle reverses and alerts the driver of any approaching traffic on either side. The brakes are activated, if necessary, to avoid an impending collision.

Reverse Parking Collision-Avoidance Assist
If pedestrians or objects are detected to the rear when the vehicle is put in reverse, the sensor is activated of the potential for collision and the brakes applied if needed to avoid an impending accident.

Lane Maintenance Assist
Helps with steering to keep the vehicle within the chosen driving lane.

Front Vehicle Start Assist
Alerts the driver through the cluster display that the vehicle in front is moving again after stopping.

Highway Driving Assist
Helps the driver maintain a safe distance on the highway from the vehicle in front, steering the AVANTE so it remains centered on its lane at a speed preset by the driver.

### AVANTE Hybrid warranties
- 6 years: 64%
- 5 years: 77%, under two years: 70%, under three years: 80%

### Trade-in Guaranteed vehicle trade-in rate for customers who purchase another vehicle from Hyundai or its affiliated companies.

### Remote control
- The advanced technology of Hyundai’s BlueLink system helps keep both the driver and the vehicle safe in any situation. BlueLink is always there to keep you safe, regardless of the location or time of day. Experience the unique joy of safe and comfortable driving.

### Navigation
- This function enables the driver to conveniently search for destinations through voice command and suggests optimum routes based on an independent analysis of real-time traffic information. The driver can search a database of up-to-date information to find even newly created destinations.

### Vehicle management
- Services include real-time trouble detection while the vehicle is running and reservations for repair at the time and location of your choice.

### Safety security
- In an emergency, you can link your vehicle to the police, fire department, or ambulance, insurance company, etc. The Center automatically detects your location and takes appropriate actions according to the situation, such as contacting the police, due to an accident.

### Maintenance
- Regular vehicle inspections on pre-arranged dates. In the event of vehicle trouble, the vehicle management system alerts you of the problem and provides suggestions for repair.

### Maintenance tips
- Please refer to the owner’s manual for details about new technologies and features stated in this brochure.

### Disclaimers
- The failure to use authentic parts and oil products (including engine oil and transmission fluid) recommended by Hyundai Motor Company and/or the use of defective fuel may critically damage your vehicle. - Please refer to the owner’s manual for details about new technologies and features stated in this brochure.

- The leather upholstery partially consists of synthetic materials.
- Specifications stated in this brochure are subject to change based on improvements in the vehicle’s exterior or performance.
- The above engine performance data is based on the net value, which is a calculation method that excludes exhaust gas temperatures and/RPM, which are not included in the gross value calculations for vehicle emissions. This method may generate results slightly lower than those generated by existing methods based on the gross value.
- The leather upholstery partially consists of synthetic materials. - The images and wheel tread are based on the Gasoline 1.6 model with 17” tires.
Hyundai Motor Company ranked first for the seventh consecutive year in 2020 across all segments (semi-mid-size, mid-size, full-size, and RVs)

2020 Korea Customer Satisfaction Index (KCSI)
Ranked 1st in the sedan sector for 27 consecutive years
Ranked 1st in the RV sector for 17 consecutive years

2020 KS-QEI (Korea Standard-Quality Excellence Index)
Ranked 1st in 10 surveyed sectors (sedan, SUV, RV, and all categories in vehicle after-sales service)

* The images used in this brochure are intended to enhance customers’ understanding and are focused on high-end models and optional features.

* The features introduced in this brochure may vary from model to model. Please refer to the monthly price table for more detailed features of each model.
