Hanwoo is Korea's prized native breed of cattle, with a dense marbling and rich, beefy flavour. Hyundai Motor Group's deep connection with Hanwoo goes back to the 1980s, with the founding of Seosan Farm — Korea's largest agricultural project — when tidal flats were reclaimed in Seosan and Taean to launch a large-scale cattle farming initiative.

At Na Oh, we serve Bodeulgyeol, a premium Hanwoo brand raised in the natural environment and pristine meadows of Jeju Island. Benefitting from the island's unique geographic isolation and mid-mountain grasslands, these cattle are fed on only the highest quality, locally produced forage, and are pasture-raised throughout the year amidst the clean, green beauty of the Mount Halla foothills.
